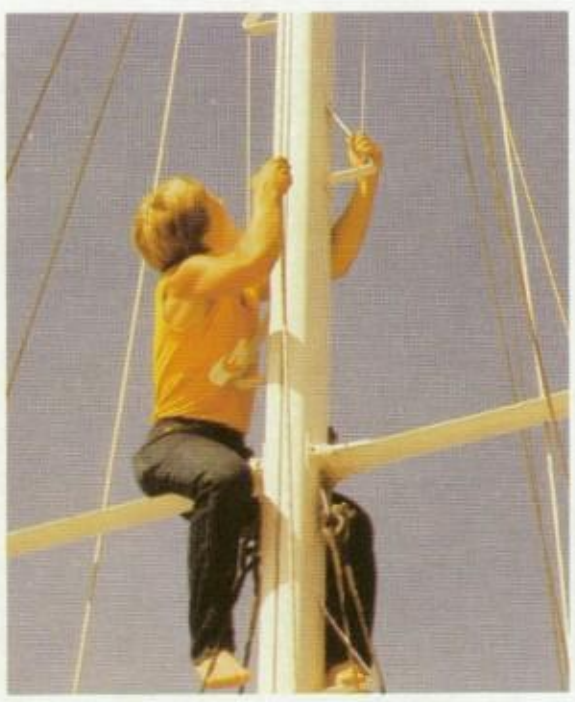
Summer Daze

Exam week finally ends and care-free summer days are here at last! The beach beckons us with its sandy white dunes and glistening waters. Our focus, formerly on "making the grade," turns toward the more important issues of summer; becoming bronze beauties and giving our brains a rest; just plain having fun in the sun.

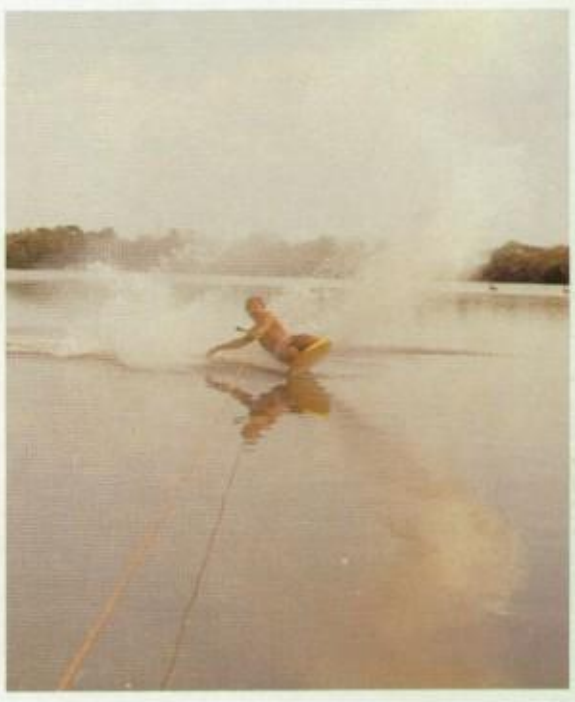
This is an easy catch for Roatha.

Everyone loves a good chicken fight.

Smooth sailing for Ken.



Kevin checks out the mast.



Bobby has a keen sense of balance.

Water sports provide excitement for all. The challenge of hydro-sliding, and the thrill of that first time up on skis are adventures not soon forgotten. Rushing waters and high speeds lead to exhilaration as we hang on for dear life with a rope and a prayer.

While some families make summer their time to "get away from it all" many of us find plenty to do right here. St. Petersburg offers many outdoor activities. Whether it be lounging by the pool, sailing in the bay, or throwing a frisbee on the grass, we find a way to enjoy the summer sunshine.

Favorite Saturday Playground

Bounthauy spins a mean frisbee.

Almost Paradise!!!

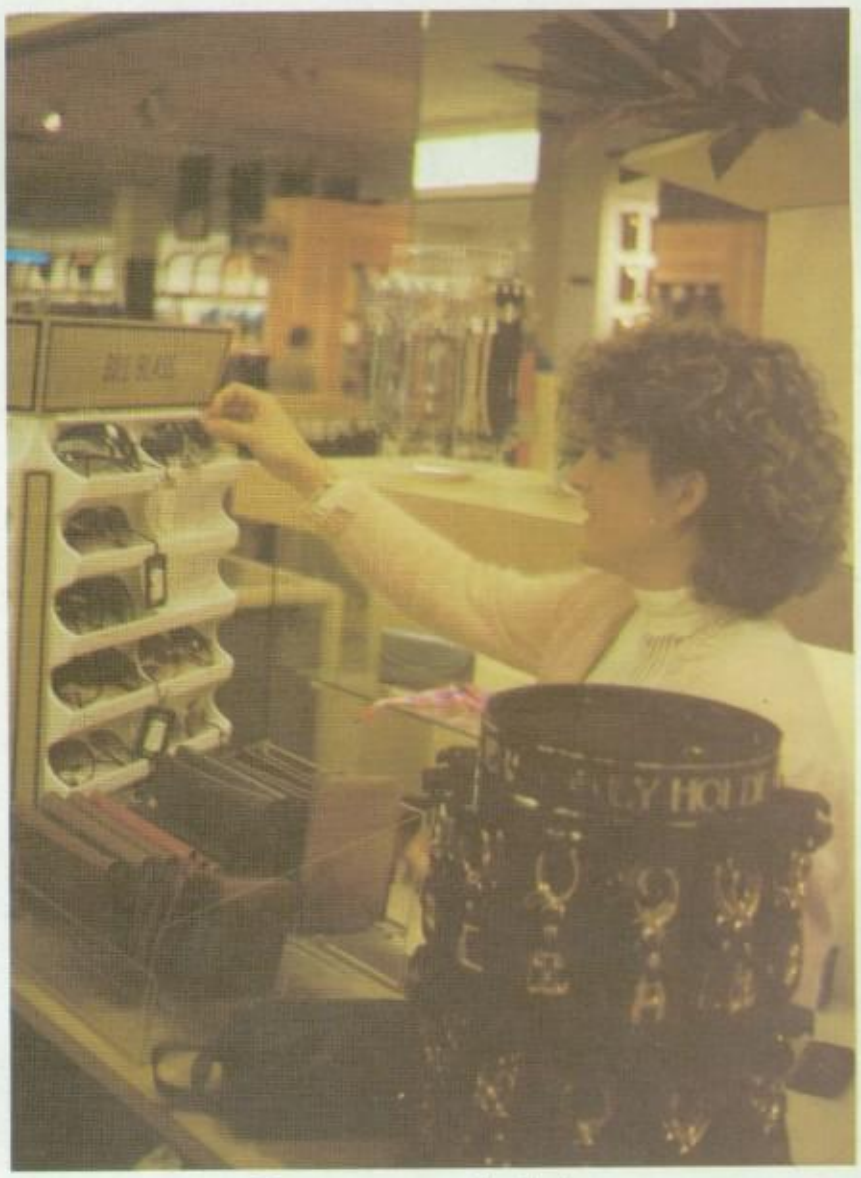
No Mon'... No Fun

Although the anticipation of summer freedom is inevitable, idealism gives way to reality and excitement begins to wane. We begin to realize as we run out of money, we run out of things to do. As they say, "No mon' . . . no fun." Green Devils must find a way to make their spending money. Whether it be your average fast-food joint or a

Traci wants a brother for this.

Susan gets "dishpan hands."

Stroemich's Super Scooper.



Pegge rearranges the display.

Working outside the home is not the only responsibility a teenager has. Helping around the house, both inside and out is a neverending chore that must be done. Mowing lawns, making beds, cooking and cleaning are "all in a day's work for the majority of us.

As August approaches and we know that summer vacation is coming to an end, we bid farewell to summer days and welcome the excitement of the beginning of a new year.

Brien appreciates visitors at his job.

Ready to Roll

So that the first day of school can be a success, late August finds hundreds of busy hands hard at work preparing for the new school year.

The changes for this year are many. Steam rollers and construction crews clutter the campus, as everyone hurries to prepare for the opening of school.

Devilettes do their stuff.

Mrs. Lentz is hard at work.

Drum roll, please!

Coach Wiz is rough on his players.

Coach Boylson chimes in, too.

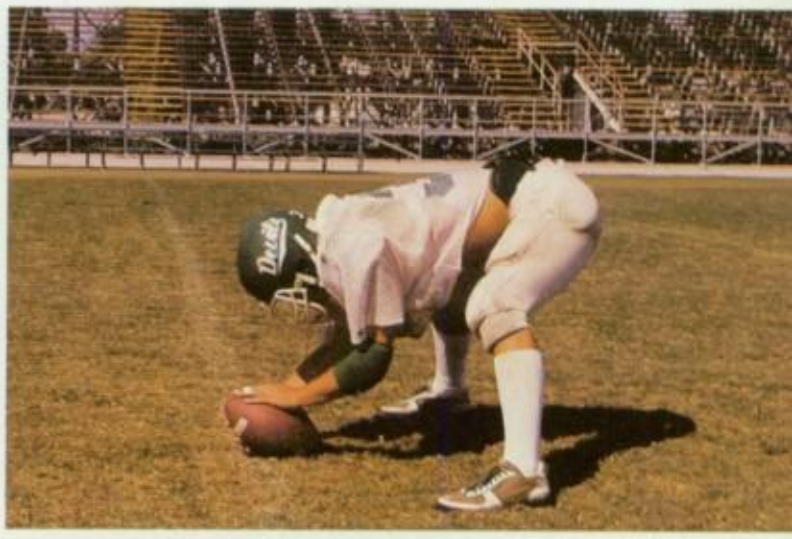
Don takes careful aim.

Old teachers and new come to SPHS for their planning week. They decorate their classrooms, attend various workshops, and wrack their brains for new and innovative ideas in lesson planning.

The football team practices throughout the summer vacation to ready themselves for the the kick-off of a new season. Groans of exhaustion fill the air as the coaches demand more from each player.

The band and cheerleaders attend camps to learn new, and polish up old routines. Their Green Devil spirit and dedication shows in their hard work and preparations for the upcoming school year.

Coach Mewha reassures Donny.



Gary gets ready for a hike.

Our devils look to Stacy for direction.

A Day of Challenges

The first day of school most certainly is a day filled with challenges. The reuniting of old friends and the greeting of new. For some, the first day of school is just another day. For others, such as freshmen, it is the beginning of a new way of life.

We all remember our freshman year . . . getting lost in the halls; misdirected by seniors; walking into the wrong

class at the wrong time; forgetting where your locker is, and swearing someone moved it! Ahhh, the joys of being a "Baby Devil."

This year is more challenging for all of our students here at SPHS. The noise of the construction as well as the smell of tar, makes it difficult for students to concentrate. Adding to this confusion, teachers relocating turns going to class into a guessing game. "They moved Mrs. Spurny where . . .?"

The chaos continues as the students must travel through sardine-packed hallways trying desperately to reach their classrooms before that seven-minute bell rings.

Devils wait patiently for their grub.

Marivic and Marigold make a quick call.

Andrea and Kelley are glad to see each other again.

Adding a Class

The days are longer here at SPHS this year; another class is added. Mr. Knellinger, our school registrar, nearly lost his mind last summer trying to reorganize the schedules of almost 2000 students.

The longer day makes it difficult on both students and faculty. Extra-curricular activities are in conflict with

after-school jobs for many students. From 7:30 am to 2:34 pm is a long school day in anybody's book, but not impossible to get through. You're only in a bind if you happen to have AP Calculus at the end of a weary day.

Getting help after school could prove to be a problem if we didn't have such dedicated teachers here at SPHS. Although they're not required to stay past 2:55, giving help to students in need becomes a top priority.

The extra hour on our school day is designed to add to the quality of our education. SAT scores will improve and the extra time in class will better prepare us for those college years ahead.

Mr. Knellinger is "snowed under."

Kiss that clock!

Mrs. Waters sneaks up on her prey.

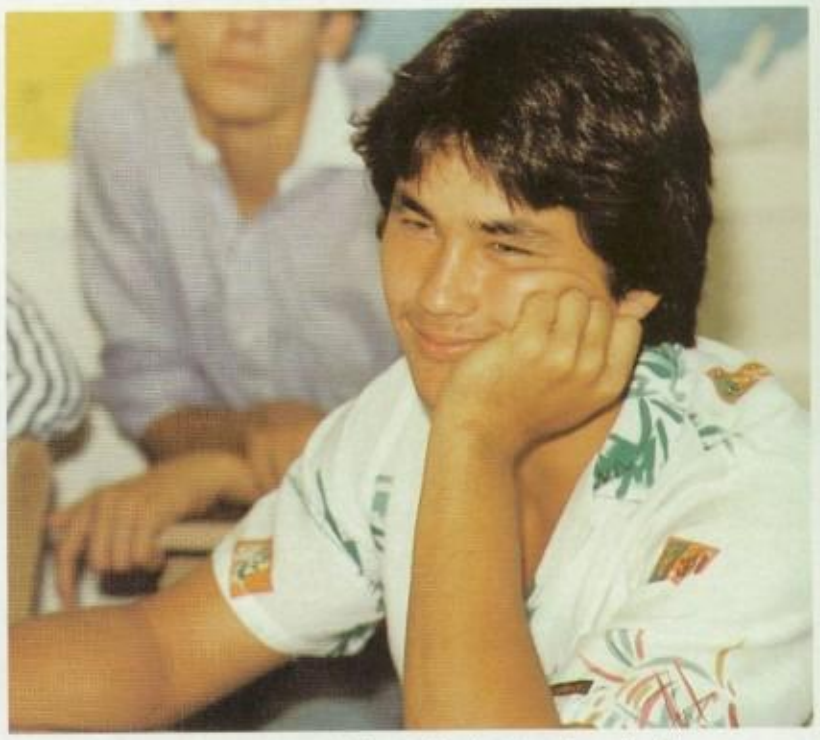
Mrs. McSweeney gives help after school.

A startled Peter vows never to doze again.

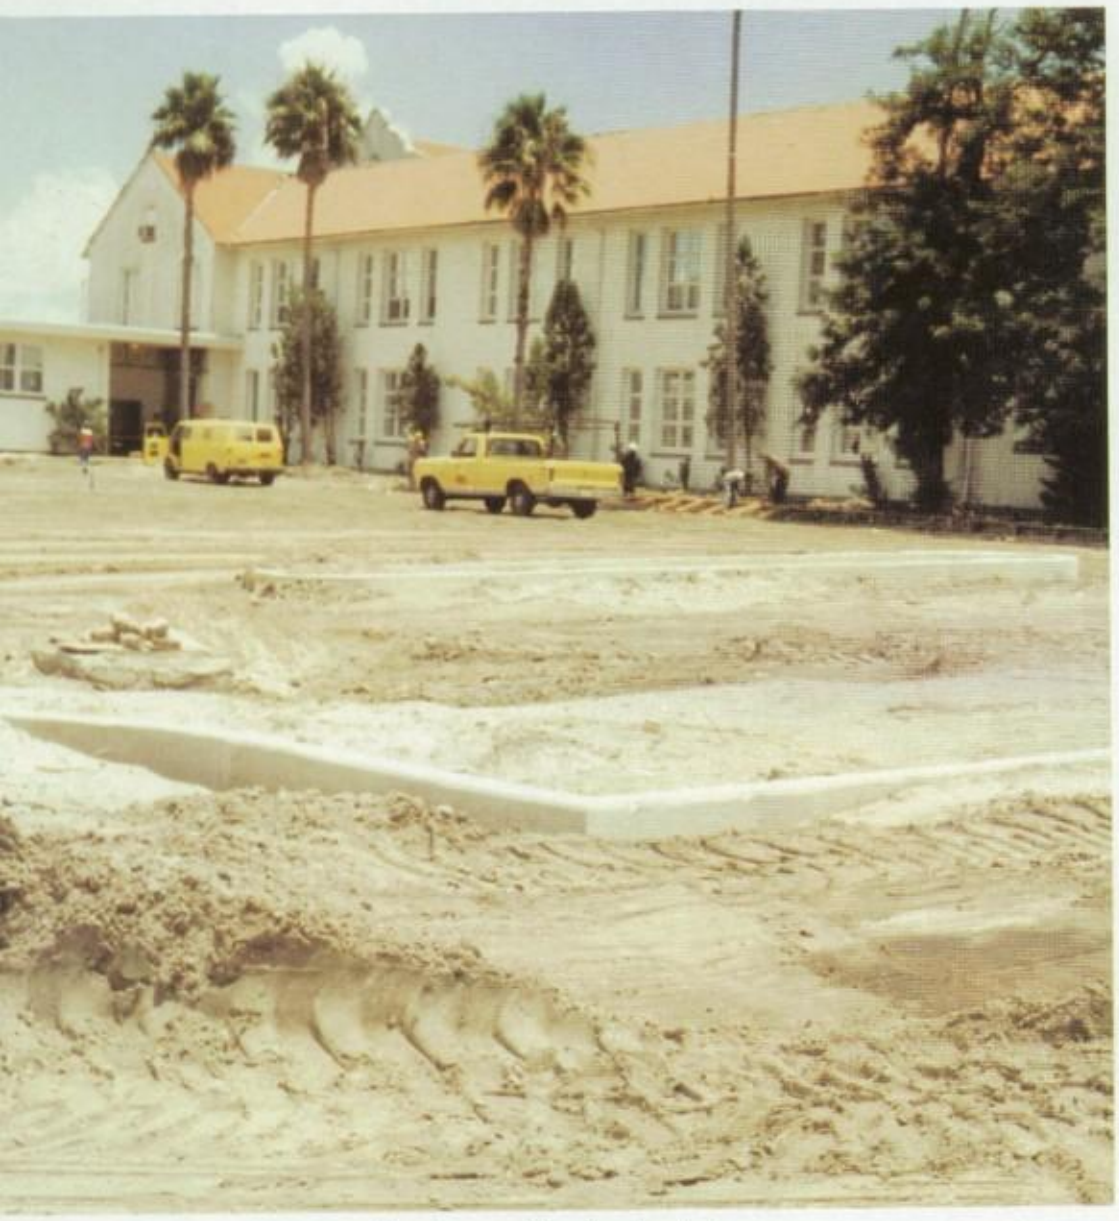
So Many Changes

The Florida Legislature decided a good many things concerning education this year. The number of credits necessary to graduate is raised; the absence rule of eight days per semester is instated; and school days are one hour longer. The stiff attendance policy cuts back on assemblies and senior privileges. Standards are high and times are definitely tough.

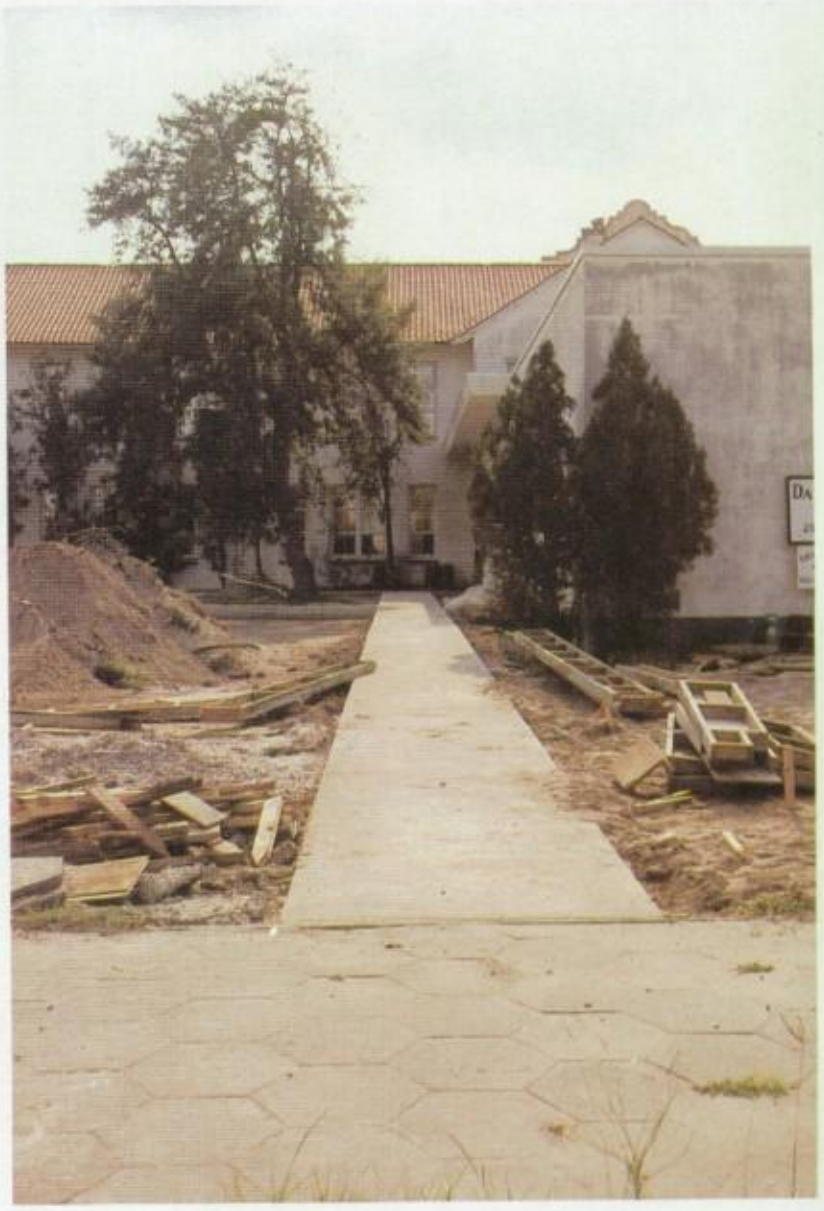
Attendance is up in all classes.



Art listens carefully to the "eight-day rule."



Teacher parking is relocated.



Construction takes its toll.

These changes are not meant to be a form of administrative torture, rather, they have a positive purpose in mind. It is to improve the quality of our education as well as the building of our characters.

In keeping with high standards of education, SPHS was proud to be recognized nationally as one of the top schools of the country. We received an "Excellence in Education" flag and plaque from the National Secondary School of Recognition Program sponsored by the Department of Education in Washington.

We have Green Devil Spirit here at SPHS and are proud to be recognized as the "cream of the crop!"

Clear that land!

A familiar message this year.

Eddie misses his "senior privilege."

Headin' out.

We've Still Got Spirit

SPIRIT/It's great to see/We've got it, that spirit/Come on Come on, Come on/Let's hear it!

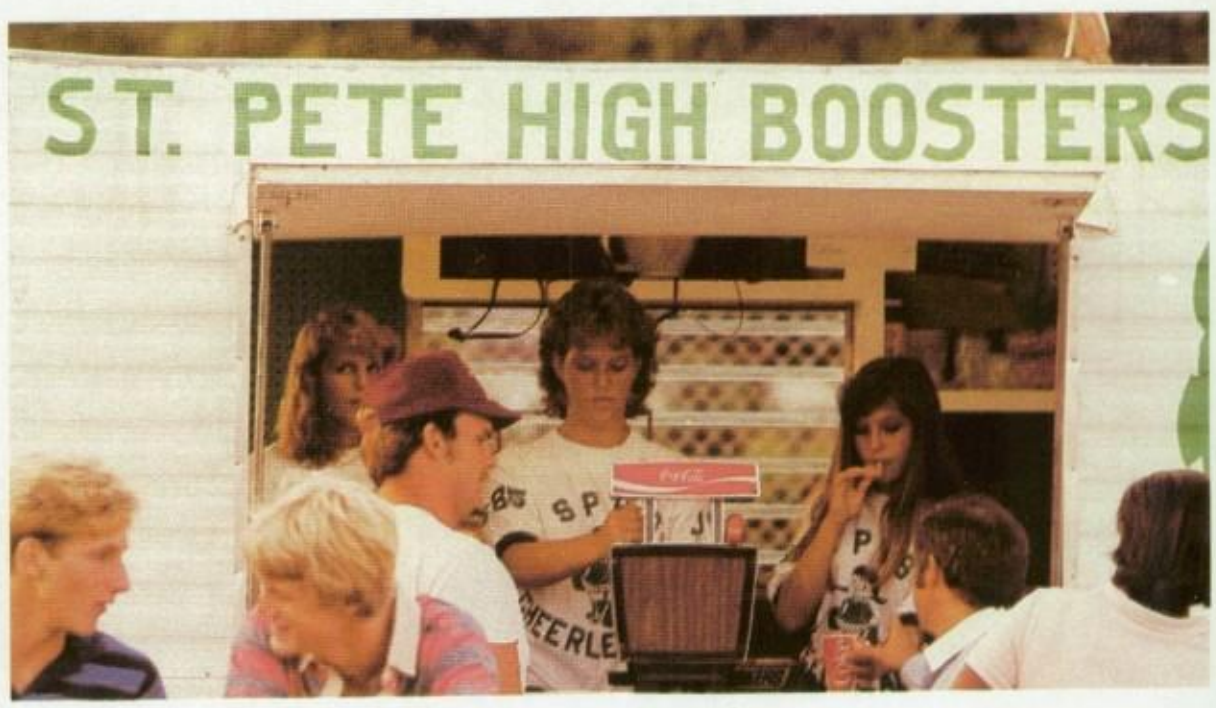
These are familiar sounds surrounding SPHS. Whether it be cramming into the auditorium for a pep rally, cheering on our football and basketball teams, or singing our alma mater, we always show pride in being a Green Devil.

Christa and Susan cheer the devils.

Attentive devils at our first pep rally.

Heather says to Arilee, "Don't move."

Our coaches hard at play.



The boosters don't let us down.

Our pride stands for more than coming out for a game, but also for the cleanliness of our school; the academic excellence we achieve in our classes; and the traditional good impression we show to our community.

Tradition plays a large role in our identity at SPHS, from not stepping on the devil's head in the front hallway to our "friendship basket" at graduation, we take part in this tradition with pride.

This year has brought many changes with it, and ones that have been less than popular, but because of who we are and what we stand for here at SPHS, we have proven once again, that Green Devils are number one and we're proud of it.

Denise shows her spirit.

Go SPHS Devils!

SPHS cheerleaders flash their pearly whites.

Adding to Our Family

A warm reception and congratulations to all the people involved in the Program for the Academically Talented. You had to be one tough devil to be accepted into PAT. Besides the very strict basic requirements, there were a limited number of openings compared to the number of applications. We are proud SPHS was chosen to house PAT and we welcome the new addition to our family.

A Special Member

The bright and smiling face of **Mrs. Valencia Walker** can be seen throughout the halls of SPHS. Her cheerful disposition and caring attitude is, most certainly, an asset to our "family."

Making CPS interesting is not an easy task and yet, Mrs. Walker succeeds in doing just that! Along with her regular teaching responsibilities, she supports the junior class in their activities and helps to organize the Prom, making this occasion a night to remember.

Peggy is glad to see that Mrs. Walker has a sense of humor.

Bill Grey Principal

One of the most spirited Devils here at S.P.H.S. is our principal, Mr. Bill Grey. Having been here now for 2 years, he has come to love the tradition that S.P.H.S. stands for and we, the student body, have come to respect what he stands for. He believes "that school is a place where students not only learn but also enjoy themselves as well." This is the philosophy that surrounds the campus of S.P.H.S. and keeps our Devil spirits high.

Assistant Principals

What would we do without them? We are proud to have three such fine assistant principals here at SPHS. They work continuously to keep our school in order. All well-respected and admired, they strive to help us make SPHS the best. Working with the staff and the student body, they put in endless hours of work to be sure that things run smoothly. We appreciate you all and we're glad you're ours!

Deans

Keeping track of attendance and assigning detentions and suspensions, seems to be all the students really know about the Deans . . . Not so. Take Mr. Reyburn for instance; he keeps track of attendance. Then there's Mrs. Strickland who patrols the halls and makes sure everyone's in their right places. Finally we have Mr. Bonner, who takes care of the referrals and suspensions. All the deans are very dedicated and are committed to the task of helping SPHS students be their best.

Schedules Books & Fun

These three very important people deserve some recognition here at SPHS. Mrs. Smith keeps track of our funds. Mr. Parzik takes care of all our activities, while Mr. Knellinger can be found in the guidance office, coordinating the schedules of over 2000 students. All three of these jobs take many hours of hard work and dedication and we appreciate their efforts immensely.

Guidance

There are friends in S.P.H.S. that few people know they have. The Guidance Department is designed to be a friend to all students. No matter what kind of problem comes up your guidance department is there to help.

You'll find Mrs. Lentz on the phone with parents want-

Mr. Erlinger can often be seen discussing scholarships with anxious seniors, while Ms. Pittman is always busy with helping students out with Peer Counselors. Ms. Nolan always listens attentively to distraught students who need a schedule change.

So next time you need a schedule change, need information about colleges or scholarships, or just need someone to talk to, remember these friends in Guidance. They are there to help you.

Office Personnel

The busy fingers and listening ears of our SPHS secretaries help us to know that they care. As each day goes by, the tension rises. Continuous details are handled by this staff for the administration. This gives Mr. Grey and his assistant principals more time to concentrate on the school.

The administration office is not the only place where the "marvels" work. We find them invaluable in the library and guidance office, too. Helping guide students to the books they need, keeping track of reference materials and collecting fines are all very important tasks.

What would we do wthout them? SPHS office persnnel helps to keep the "Den" in control. Keeping up with all the daily changes in the Registrar's office along with the computer problems, polars, etc. is more than a full time job. We appreciate each and every one of these dedicated ladies regardless of what department they work in and we wonder where we would be without them.

The other English courses not belonging to the P.A.T. include the required courses, the college prep or college bound courses which are electives, and last but not least, the Advanced Placement English, open only to seniors. As you can see, we sure have a lot to choose from.

Students discover how our country stands now, and in which direction our society is heading. They are easily seeing what life was like in the past and what it might be like in the future. As an important part of teaching, the teachers try their hardest to get the students involved and learn more about their country. The teachers make this happen by involving the students in their lessons for the day and keeping them up on what is most interesting for them to learn.

These teachers work with students that need modified teaching methods. Speech and Language, along with Emotionally Handicapped, and Specific Learning Disabilities all have a place at S.P.H.S. These teachers make it possible for the students to learn and achieve the goals they wish to meet.

The students receive help from the patient and understanding faculty while choosing the vocation they will work with for the rest of their lives. Each student's experiences and knowledge, along with their willingness to strive to succeed will enrich their lives today and in the future.

Each and every student needs someone to teach them the ropes. Our staff is very equipped to help the students work hard. They have many advanced computers and techniques to aid them in this process. Our computers consist of TRS-80's, B-80 Burroughs, and Apples. This type of advanced help will aid the student in more than one field. As SPHS grows, so do the skills of our staff and student body.

Practical Arts

Practical Arts are courses offered to the students to help them prepare for a fuller everyday life. These courses have expanded from cooking and sewing to more complex courses like Electronics and Drafting.

Drafting seems to be a favorite of many of the students. It includes care and use of drafting instruments, lettering, and dimensions; a great class to take if you plan on a career in architecture. Other courses offered are such classes as Meal Planning, Child Care, Shop, Food and Nutrition and Independent Living. This year we have a new sewing teacher, Patricia Lee. Welcome to the family!

Student Council was created to devise a strong unity among the students, teachers, and administration here at SPHS. Their projects this year included everyone. They participated in homecoming, planned homecoming week, selected the dress up days, planned the pep rallies, and selected the crown and flowers for the queen and her court. Student Council also planned a food drive for the Salvation Army to help those in need.

Student Council helps plan assemblies and usually takes part in them. One such example is the Freshman Election.

Student Council divides the work into committees, such as Float Committee, Crown, Cape, and Flowers Committee, Powder Puff Committee, Announcements, and Dance Committee.

All in all, Student Council has many dedicated, responsible leaders and the '85 school year was truly a special one thanks to the help of the Student Council.

The Inter-Club Council got off to a rough start this year. ICC directs many activities of school organizations here at SPHS. It also acts as an intermediary council to resolve conflicts of and between clubs regarding their affairs both within the school and in the community. Each club has a representative that they elect. These representatives form a council and set up the rules by which the club will operate.

This year, Mr. John Poucher, assumed the sponsorship of the ICC at the change of the semester. He and the ICC members revamped the constitution to bring it up to date so it would better serve the clubs and organizations of the 1984-85 school year. The ICC is a very worthwhile and necessary club for SPHS; it helps determine club priorities and enables the clubs to work together.

International

This year's International Club raised money by selling candy, recycling cans, and having a car wash. They used the money to finance club activities. Some of their club activities include: A dance at the YMCA; occasional rollerskating parties; and at the end of the year, they routinely go on some sort of field trip.

The International club here at SPHS promotes cultural exchange among students. They provide various activities for the students to participate in and the club helps create a sense of identity for its members.

German

Members of the German Club (Deutschverein) participate in activities related to the culture and language of German speaking countries.

The fall weather was perfect for a visit to Oktoberfest at Boatyard village (Oct. 14). It's closer than Munich, and entertainment featured the Lorelei performers with some of our own students.

Before winter vacation, the holiday season begins with Nikolaustag, when St. Nick brings treats to good children. Our Nikolausfest was a cozy evening of songs and delicious home-made foods.

During a candy sale in December, club members raised funds to help pay their way to the exciting spring convention of the Florida Association of Students of German (F.A.S.G.) on Singer Island.

The Deutschverein also met to dance at the German-American Club; to celebrate Karneval (Fasching); to exchange valentines; and to journey to cultural events in the Tampa Bay area.

At the end of the school year, a picnic at Fort DeSoto was the place to say, "Auf Wiedersehen!"

Spanish

Spanish Club and Spanish Honor Society combined efforts to raise money for the purpose of sending students to the Spanish State Conference in Orlando and holding the initiation ritual of the National Spanish Honor Society. They did this by having a successful candy sale in the fall. In the early spring, the National Spanish Honor Society, Sancho Panza Chapter, held its traditional initiation ritual at a local hispanic restaurant. Students of second and third year Spanish participated in the Spanish State Conference in Orlando. They competed in the categories of declamation, impromptu speech and drama presentation. The students of Spanish learn not only about the language but also the culture and customs of Spanish speaking people.

French

The school year is off and so is the French Club. The club had a good year last year, and many more activities are planned for this year.

The biggest event of the year is Congre. This is a statewide competition in which 16-21 students are chosen to represent the school. They have had much success in the past and are looking forward to even more this year.

But the French Club is much more. The members learn about the French culture and have fun at the same time. They visit restaurants, attend folk fairs, and attend many other cultural centers.

There were many other projects planned for this year and it seemed as if the "84-85" year was another great one for the French Club.

Karate

What do you think of when someone mentions karate? More than likely you think of Bruce Lee movies with lots of karate chops and flying leaps. Although these chops and kicks are an essential part of karate, it is not all rough and tough stuff. The literal meaning of the word is "empty hand" It is the martial art of unarmed self-defense. It uses focused blows of the hand and feet and deals with breathing techniques and shouts which are used to unnerve the opponent.

This year the St. Petersburg High Karate Club has seventeen active members who practice and exercise daily to increase skill and strength. The members have different levels of skill represented by belt colors, ranging from the novice white belt to the master's black belt.

Some of the members participate in competitions for trophies and awards. The annual school demonstration that the Karate Club puts on for the P.E. classes was a success. However this is not the only involvement that the Karate Club has with the school. It gets involved with all the school activities especially in the candy sales, which have proven successful in past years.

Spectrum

This year the 1984-85 Spectrum Club, also known as the Black Culture Club, has been very active. Visiting nursing homes during Christmas and making cards for the elderly are two of their major projects for the community. Their involvement in school activities ranged from their annual Spectrum Fashion Show to a successful fund raising candy sale and car wash. The members of the club also visited FAMU University to look over classes and met many interesting and exciting people during their stay. During Homecoming Week, Spectrum participated by attractively decorating the school for the week's festivities. This combination of helping the community as well as the school, allowed the Spectrum Club to have both a successful and fulfilling year.

Choral

Practice, practice and more practice. That is what the St. Pete High Choral Department spent most of this year doing. But, in this case, practice made perfect. The Choral Department traveled all over the community to share with other people and our student body here at SPHS their great talent and enthusiastic renditions of their singing and music. Working at least one period a day and sometimes after school, rehearsing and training their voices, is a very complicated task. These kids worked very hard in making this a musical school year for all of us. Under the supervision of Mr. Burrows, they showed us their best.

I can't believe we have to sing this.

Usherettes

Although Usherettes is not a very well known club, they provide an important serivce to all of us here at St. Petersburg High. The club is designed with the idea of assisting with performances, doing such duties as handing out programs and tickets, or doing whatever tasks demand their attention. This year the Ushers/Usherettes assisted with "Back to School Night" (Open House), football games, and graduation commencement activities. The dedicated group of students can always be found wherever their services are needed. They normally meet once every other month to discuss their upcoming events. These meetings prove productive, for the audiences are aided with a smile so the shows can run smoother, and get started right on time. The club has been a big help in the past, and will continue to help in the future.

Devilettes

This year brought about many changes for St. Pete High's Devilettes. They received new, flashier uniforms to accompany the new image they concentrated on portraying.

Their field show demonstrated a lot of hard work on their part. Under the direction of captains Kecia Murray and Laura Riley, the Devilettes added a lot of visual effect and style to the band.

They also performed in school pep assemblies and basketball games, keeping the crowd fired up and rowdy with all their well-choreographed routines.

The Devilettes have long been a tradition at SPHS and should remain an exciting highlight of assemblies and football games for years to come.

Band

The SPHS Green Devil Marching Band has supported school activities throughout the year. Their major support went to the football team as they followed them through their regular season and traveled with them all the way to state. The band played at many Pep Assemblies and special programs put on by the school. They also attended many competitions in which the band performed very well. The SPHS band is very active in competitions throughout the year and participates in the Festival of States and parades at the end of the year.

The Pep Band is a small group of the best band members designated to play at special events around the city. They have performed at school basketball games and played at the Tampa Bay Thrillers games. During Christmas vacation they played at many events including Mr. and Mrs. Santa Claus' house on Coffee Pot Blvd.

In all, the band has had a busy and very successful year.

Thespians

This year the Thespians of SPHS had their usual full season with their production of the fall play, **Stage Door,** in November; the Winter One Acts in late January and early February, and the Spring Musical in May. Not to be forgotten, **Gold Fever,** once again was a smashing success, providing entertainment for not only the students, but also the faculty judges as well. The acting troupe at SPHS once again shone brightly at district and state contest, and brought back many high accolades for their dramatic expertise.

Although Thespians seems to be a lot of fun and games with all the singing and dancing they do, they put in many lengthy hours after school practicing their lines and rehearsing their scenes. A Thespian is a person who is truly dedicated to the art of acting. The club itself is based upon the theory of helping students to appreciate and develop their talents in all areas of the theatre. Looking back upon the productions and other achievements they made this year, the Thespians have had a very fulfilling 1984-85.

DECA

How would you like to be able to leave school after fourth period? Well, the students of the DECA club do!

DECA . stands for Distributive Education Clubs of America and allows students to receive an education in valuable job skills in business, sales, and marketing areas. Some of the jobs the students are involved in are salespeople, clerks, and tellers.

The members of this organization compete with other clubs on local, state, and national levels. The areas of competition include food-marketing, general merchandise retailing, finance, credit, apparel, and accessories. With the knowledge gained from this class and these competitions, the students participating in DECA receive the help they need to make the transition from high school to the business world.

D.C.T.

More and more students today leave school and go directly into the job market. For this reason schools are trying harder than ever to prepare students for careers in the business world. After graduation they will continue to gain experience in the real world of jobs. By participating in D.C.T. (Diversified Cooperative Training) they will be able to find a career that appeals to their interests and abilities and then make a choice based upon their job experience obtained in the program. In this program students not only get experience in the business world, but also receive an education at the same time.

D.C.T. members work any area of the job market in which they wish to gain experience. We have students working in every place from Montgomery Wards to service stations to doctors' offices. The ability to enter the job world with some experience under their belts is an invaluable advantage to students. D.C.T. provides this much-needed experience and allows the students to become better informed about the true job market.

FBLA

FBLA (Future Business Leaders of America) is a group whose purpose is to promote the business world to students and help prepare them to enter various areas of this world. This year the club is divided ito two separate groups with varied interests. This group's interests lean toward general business interests.

FBLA had their annual Tom Watt sale to raise money. This proved to be very beneficial to the club.

Anyone who plans to enter the business world would certainly benefit from being a member of either section of the FBLA club.

There are two parts of F.B.L.A. One is the Computer Data Section and the other part is the Business Interests.

Computer Data is showing the Future Business Leaders of America how to work on the computer. Showing them what input and output is, and how to read the output information is a major part of this club. It also teaches the students how to pace the business world, and prepares them for any type of job or anything in the job market that might remotely deal with this kind of training.

This year, the Future Business Leaders of America had their annual Tom Watt Novelty sale that proved to be very successful. This money is used for the benefit of the entire club, but more importantly, gives the members a taste of what it is like to be a salesperson.

F.B.L.A. is truly a club for anyone. It provides a service that not only helps its members, but will also help the future business community in the near future.

The Beaux Arts Club was founded for students who are interested in the visual arts and want to pursue careers in some aspect of these arts. With Miss East as their guide, this year the club met once a month to schedule field trips to artistic sites and museums within Florida, work on their departmental objectives and just to have fun. The highlight for the Beaux Arts Club comes toward the end of the year when all the members make their annual trip to the Ringling Museum Renaissance Fair. This year they raised funds for this excursion by selling M&Ms and were very successful. Everyone was able to go and had a wonderful time as always!

National Honor Society

The National Honor Society represents a small percentage of juniors and seniors who excel in academics, service, leadership, and character.

Junior members of the society must maintain a 3.65 grade average while seniors must have a 3.45 average. These students can have only one C as a semester grade in a required course throughout their high school years.

New members were tapped in mid-November and the traditional initiation ceremony was held November 27th at the First Presbyterian Church.

This year thirteen seniors and twenty-one juniors, along with honorary initiate Ed Foley, were honored with membership in this exclusive fraternity.

Keyettes

The one word that would best describe the Keyettes is active. If you don't see them selling locks at the beginning of the year, or cleaning the devil's head, you might see them straightening the administrators' offices, or leaving goodies for a teacher's birthday. Two annual activities that cannot be overlooked are the Keyette flower sales during Homecoming, and the serving of the Senior Last Will and Testaments at the end of the year.

The Keyettes don't limit themselves to the school alone. They extend their services to the community by participating in the Special Olympics, hosting the two Blood Drives, helping out in the Christmas Toy Shop, and riding in a bike-a-thon for Cystic Fibrosis.

Interact

"Service Above Self" — that is the motto of the Interact Club here at SPHS. This year the men of Interact proved themselves worthy of this motto in several ways. They raised money for the school and for needy families around the community. Doing landscaping work at the Ronald McDonald House and holding a Turkey Gobbler Contest are just a few ways they did this. Other fund-raisers include a Calendar Sale to start the year off and the Christmas tree sale which was, as usual, a huge success.

Raising money wasn't the club's only interest. In the way of service, the Interact club painted the goal posts and cleaned the football field. They also participated in many of the Homecoming activities and helped set up Halloween booths at Al Lang Stadium.

Once again, "Service Above Self" has proven to be true for the 1984-85 Interact men and they will continue to contribute successfully to their school and community in the coming years.

The Exchangettes Club of 1984-85 participated in many funfilled activities this year. Their involvement in these school activities ranged from car washes to flower sales. One big event was the food bank, an event where Exchangettes gathered food to distribute to the less fortunate families in the area. They also held a flower sale for Valentine's Day which was a successful fund raiser for the club. Another fund raiser was a car wash for Muscular Dystrophy. Exchangettes also participated in many homecoming activities. Jr. Exchange

The Junior Exchange club has been occupied with various responsibilities, interests, and activities for the school and community.

Each year, Junior Exchange cleans out the lockers at the end of first semester and the end of the year. Cleaning up the football field after a game is another necessity towards the school. The Halloween and Christmas parties for the orphaned children were very helpful and important to the community and the area.

Although service is an important part of this organization, this group is certainly not opposed to getting together and having a little fun. Whether it's hanging around the pool on a sunny afternoon or setting sail for a new adventure, they do enjoy themselves.

Civinettes

As expected, Civinettes had another great year again this year. They had many successful projects this year. Some of these projects included ringing bells for the Salvation Army to aid the needy at Christmas time, helping the Senior Civitan Club sell fruitcakes, holding a canned food drive during the holiday season, and of course the annual Sadie Hawkins dance.

Club rush also provides more girls with a chance to enter the select few who call themselves Civinettes. This year's rush again proved to be succesful, as Civinettes, gained valuable new members.

If the girls keep up the excellent standards they have set for themselves, the Civinettes are assured to be around for a long time.

Civitan

The men of Civitan have always preferred to keep a low profile and this accounts for why the school and the students are not always aware of all the meritorious things they do throughout the year. One of Civitan's annual big projects is helping out young mentally retarded children. They participated in the Special Olympics by being all day buddies, huggers, and by just helping the Special Olympians, who are either mentally or physically handicapped children, to the races and other events they were scheduled to participate in. Civitan was also affiliated with the Association for Retarded Children (A.R.C.) and worked closely with the youngsters there as well.

However, their talents were not only limited to that of benefitting the community. The members of Civitan also got involved in projects at St. Petersburg High, with the most significant being the painting of the newly constructed cafeteria posts. Civitan was also active with their sister club, the Civinettes, and attended several state and local functions that dealt with the concerns of both organizations. Not adverse to a little bit of relaxation and fun, the men of Civitan played a "friendly" game of football with the men of Key one sunny afternoon at Northshore Park. Finishing off the year with their long awaited trip to Daytona Beach for the State Convention made the 1984-1985 season for Civitan a memorable, as well as successful, one.

P & P

A seventh period filled with copy blocks, layout and the tradition of Florida's oldest student publication is what greeted Palmetto and Pine staffers this year. Staffers were usually seen writing stories or taking pictures which would sooner or later become a page in the school newspaper.

To keep finances in check, the staffers sold Christmas wishes and business ads.

This year included two editors, Scott Andringa and Jason Ashford.

Usually consisting of eight pages, the tableau-sized newspaper was a popular item to keep, for it contained photos, articles, and calendars to help remind one of what was happening at SPHS.

No-So-We-Ea

This year the NO-SO-WE-EA staff started out with a few problems, as did everyone else. The staff was divided into two classes, which hampered communication greatly. After getting a grip on all the new procedures for this year's production of the yearbook, the staff settled right into work. With Pat Brewer as our new advisor, and Jim Corbett as editor leading the way, things began to run more smoothly.

In September, the whole staff attended various seminars at the District 4 FSPA convention where they learned new concepts in yearbook production. The section co-editors attended a statewide convention in Tampa, where they shared new ideas and viewed other schools' yearbooks.

This year's staff has tried its best to preserve the numerous activities that have taken place this year and to keep immortal the memories that will be invaluable to us all in the years to come.

Emanon

St. Petersburg High's own literary magazine, the Emanon, once again was greeted by the students and faculty with pleasure. It is alwayus a surprise to see what new and exciting things are done with the layouts and artwork for the numerous short stories, poems, essays, and character sketches that make up the body of the magazine each year.

This year the Emanon has increased its membership from seven students last year to twenty students this year. Under the able instruction of Mark Warner and Mrs. Linda Spurny, these fledgling staffers were guided into producing another exceptional and innovative literary magazine.

The infamous one-finger typist.

Unsung Heroes

In every club, there seems to be at least one member who plays the part of the "all-around flunkie." It's the person who is willing to go beyond the required, and accomplish the job, no matter what it takes.

It's a tradition here at SPHS to honor those people with a special place in the NO-SO-WE-EA. Each club sponsor chooses a member that deserves special recognition for their efforts and those are Unsung Heroes for the year. Congratulations heroes!

All Decked Out

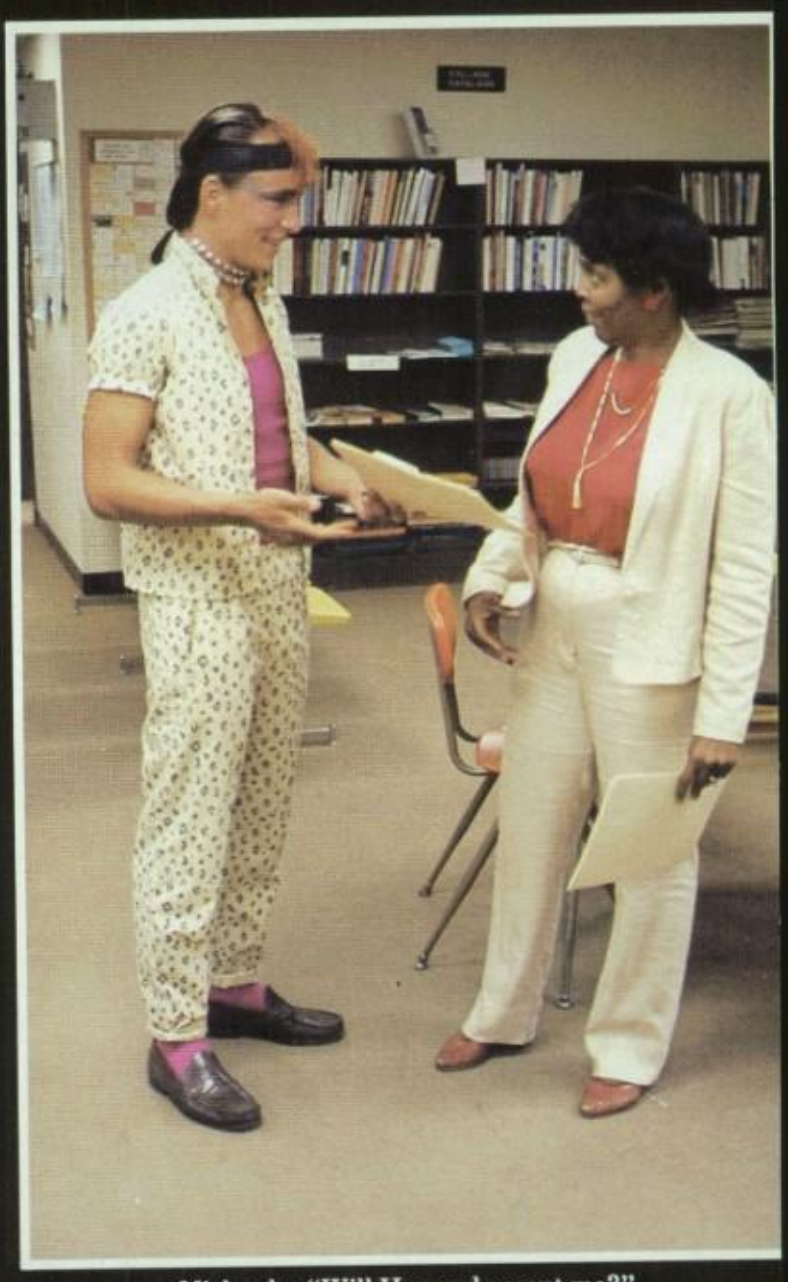
"I have sensitive eyes"

The real Joan Malone

"I think it looks better this way!"

Julie is a bit early for the cruise!

Mr. Executive himself



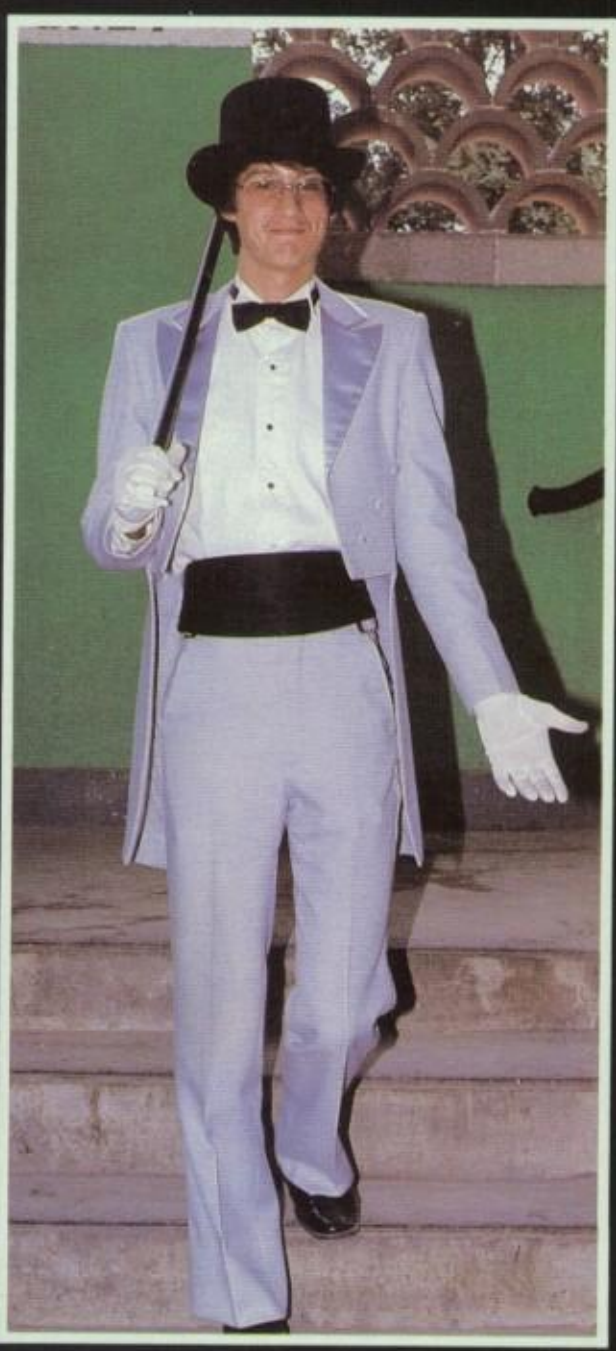
Nick asks, "Will Harvard accept me?"

Homecoming week started off with the annual fun-filled dress-up days. Weekend sun and fun continued on Monday with Beach Day.

Tuesday, the pink hair, snake skin shirts and wild make-up once again decorated the students in the halls of S.P.H.S. Wednesday was a complete "turn-about" with Backwards Day. We didn't know if we were coming or going!

The beauties were all decked out on Thursday for Dress-up Day and by Friday our spirits soared with Green and White Day, culminating in a thrilling pep rally which brought out the green and white in all of us!

Faby-baby asks, "Is my tie straight?"



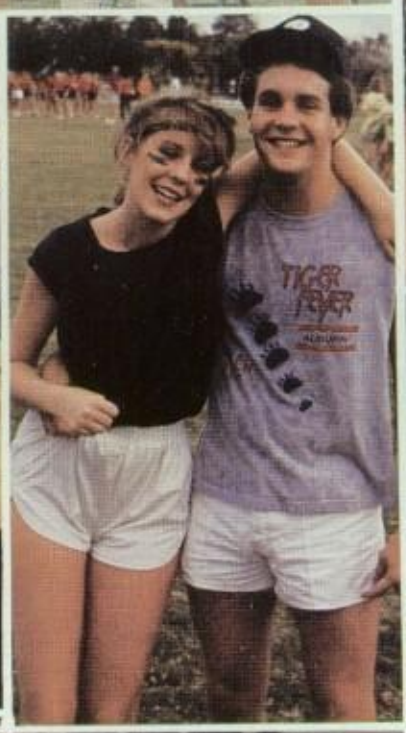
Jim sings, "Give my regards to Broadway."

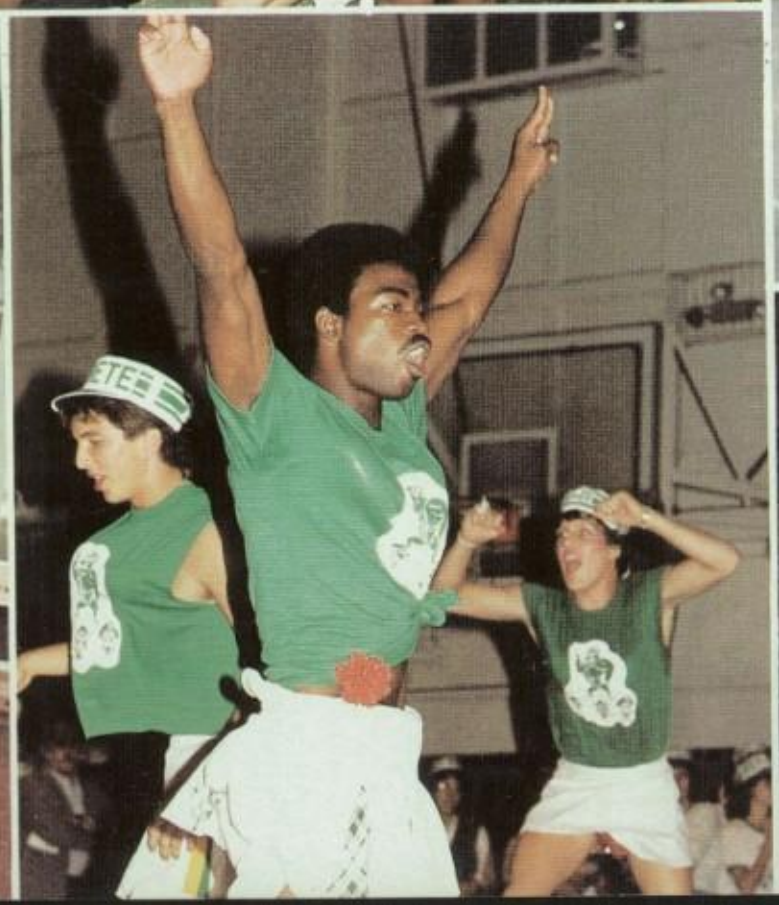
"Where's the beach?"

It's contagious!

"You're not going to eat that, are you?"

The Ascent of Anticipation





The pep rally held on Thursday night boosted Devil spirit to its highest. The Seniors made a grand entrance in a white limo that put all other classes to shame. They humiliated the other classes with their "mile long" chain and their awesome powderpuff cheerleaders. Their seven-people high pyramid was no doubt spectacular.

However, the Juniors did prove to be the victors in the powderpuff football game. Larvell Hall's speedy legs were too quick to capture and she scored both touchdowns that gave the juniors their win.

After the games were finished, the students again fought each other for victories in the traditional tug of war and other various races.

The night was concluded with the burning of the Pirate dummy and that Green Devil spirit soared to even newer heights.

The spirit ran through till Friday when the pep assembly again displayed that wild Green Devil spirit. The football team was cheered on enthusiastically by all students. As a result, our "Green Machine" succeeded in another victory, beating the Pirates 28-6.

Having a lot of spirit and pride in our school shows why **David Diakos** was elected Senior Class President. Being involved with Student Council since his sophomore year has kept David very active.

David greatly enjoys all the tasks and responsibilities that he deals with from day to day. The week before Homecoming, David was extra busy, constantly planning activities for all of us to participate in. It is obvious to see that David has that "Green Devil Spirit."

David is looking forward to graduation and is going to attend Flagler University in St. Augustine, Florida. He plans to major in Business.

A very spirited young lady who has always supported SPHS is **Arilee Fletcher.** Arilee has shown her spirit by being a J.V. She has also been a Keyette for three years and served as the Treasurer during her sophomore year.

Arilee worked with the group, Spectrum, by serving as the Emcee for the Spring Fashion Show, and enjoyed this activity very much.

Arilee plans to attend Florida State University in Tallahassee, and intends to major in Child Psychology. Her minor will be in music.

The outstanding feature about **Phi Cao** is that he's only been in this country for five short years. Born in Seno, Savanakhet, he came to the United States and enjoys it here very much.

During his stay with us at SPHS, he has become very involved with our school activities and has earned recognition as an outstanding senior.

In his sophomore year, Phi served as an officer in the International Club and being Vice President was a memorable experience for him. Phi's interests turned to soccer in his junior year. He loved the excitement and challenge of a good soccer match. His senior year finds him studying hard and working towards making good grades.

In his spare time, Phi still enjoys soccer, and also a less strenuous activity — drawing. He plans to continue his education and to find a good job in a field that he likes.

"Being involved" are words that mean a lot for **Melinda Mott.** Mindy has been very active in student government throughout her years at SPHS. During her sophomore year, she served her class as a council member and in her senior year, Mindy was Student Council President.

During the past four years, Mindy was involved with Exchangettes, the Green Devil Marching Band, and also performed with the Devilettes. In her spare time, which obviously isn't much, Mindy enjoys jogging, being with her friends, and when in a poetic mood, she enjoys writing poetry.

Although Mindy stays busy in extra-curricular activities, she makes it a priority to keep her grades up. She's looking forward to graduation and plans on attending Florida State University in Tallahassee.

Although you might not recognize the face of **Darry Martin,** you most certainly would recognize the voice. Dubbed the "voice of St. Pete High", Darry has been reading us our morning and afternoon announcements since his freshman year.

In his sophomore year, he became interested in the printed media and joined the staff of our school newspaper — The Palmetto and Pine, where he continued working throughout his years at SPHS. By his senior year, he had moved up to the position of Managing Editor, and learned a great deal from this experience.

Darry got very involved in school activities in his senior year, adding to his list of accomplishments, by joining Student Council and serving on the Student's Rights and Responsibilities Committee. As you can see, Darry was busy his senior year, but managed to keep his grades up and still have a bit of time for his favorite hobbies: sports, reading, and music.

When **Katherine Fonte** does something, she only does it one way, the right way! She is certainly an example of an outstanding senior. During Katherine's sophomore year, she was tapped a Keyette and since that time she served as Vice President. In her senior year she was promoted to President. Katherine is also musically inclined. She played in our school band for two years and was named "most valuable trumpet player." Music isn't her only talent. She was tapped for Thespians and participated in "Grease", "Oklahoma", and the "One-Act Plays". Besides being busy with extra-curricular activities, Katherine manages to keep her studies a top priority.

Katherine has been a member of NHS for two consecutive years. She plans to attend University of North Carolina at Chapel Hill and intends on studying medicine.

Being a member of the NO-SO-WE-EA staff for three years, and serving as editor in his senior year has certainly kept **James Corbett** very busy. Throughout his years at SPHS, he has been a photographer for the yearbook, and in his junior year, he was the Student Life Coordinator. In working towards the position of editor, Jim had to attend various workshops, including several in the summer put on by the Florida Scholastic Press Association.

Jim had the honor of being chosen to represent St. Petersburg High School in the Leadership Education and Resource Network, a one-week workshop at the University of Florida.

Also participating in club activities, Jim held the office of Secretary for Civitans in his sophomore year, and has been involved in the production of Homecoming for the last two years.

As is the case with all seniors, Jim looks forward to graduation, and to continuing his education elsewhere.

Friendly, intelligent, energetic, and school-spirited are just a few words that describe **Gretchen Henry.** Gretchen has always been very active here at SPHS. For the past three years, Gretchen has been a dedicated Rojan. She was also selected to be a JEC 'lil sister, and for the past two years, she has served as a Varsity Cheerleader.

During her sophomore year, Gretchen was Secretary of the Latin Club, an office she enjoyed holding. She also became a Peer Counselor for students having trouble in school, and continued this activity throughout her senior year.

Maintaining good grades is a top priority for Gretchen. She has been a member of NHS for the past two years, despite being so active in other school activities.

Future plans for Gretchen include attending the University of Florida where she will be studying Pre-Med and certainly she will find student activities to become involved in as she has here at SPHS.

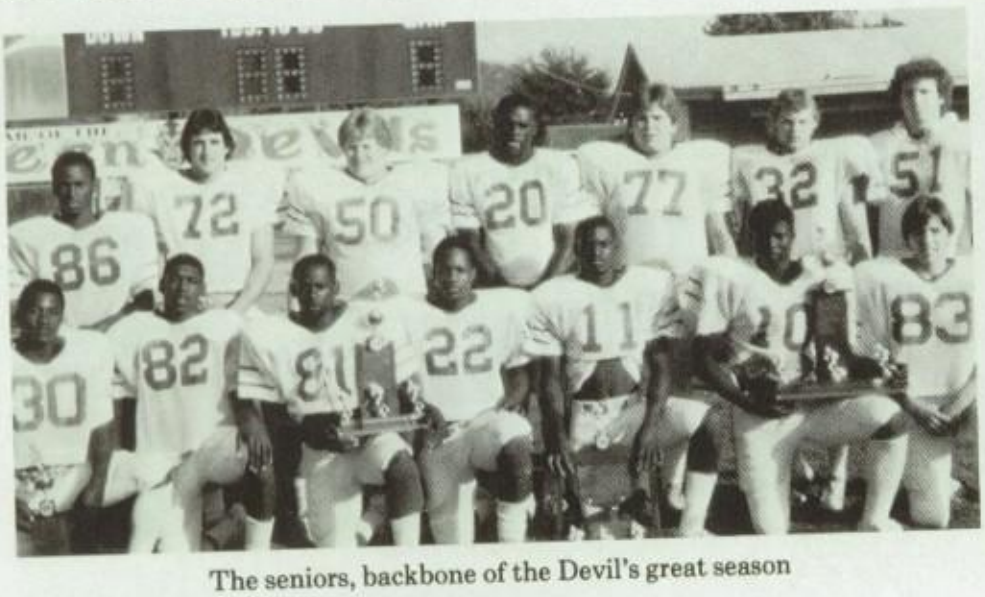
SPORTS

All the Way to STATE

After coming from behind in the 1st Quarter 7-0, the Devils were fired up and ready after scoring 3 TD's in the 2nd Quarter and dominating the rest of the game. The defense held Naples to 59 yards rushing. For the 2nd time this year, Stacy Manning received St. Pete Times' Performance of the Week. He led all rushers that night with 70 yards on 11 carries and threw for 70 yards while going 9 of 9 with no interceptions. Donny Herring picked off a Trojan pass in the 4th Quarter, and running backs Wayman Lane and Mike Davis ran for 66 and 67 yards to add to the Devils 225 total yards on offense. "It feels good to be the regional champ," said Head Coach Jim Mewha.



The seniors, backbone of the Devil's great season

Best leg on the team

In front of a home field crowd of over 4,000 people, this was the game said to be the milestone. "We made them start doing what they didn't want to do, throw the ball," said tackle Todd Doty. He intercepted what would've been a Terrier TD and ran 45 yards to the 9 yard line. That set up the Devils winning TD to Tim Murray with 3:56 left in the game. The interception was just one of the 4 turnovers for Titusville. The leading rusher of the game was Mike Davis with 80 total yards on 18 carries. Stacy went down late in the 3rd Quarter with the Devils trailing 9-7. Back up quarterback Earl Mack did an exceptional job in Stacy's absence. He was back on his feet by the 4th Quarter. "We knew we had to mix it up on the offense," said Coach Mewha. The 21-9 win gave St. Pete school record for most victories in season (12) and only the 2nd Pinella County Public school football tea to advance to semi-finals.

Proud Coaches!!

In the battle of the Southern champs, the Devils overcame the tough Broncos 23-20. Homestead played rough the whole game and paid for it with a total of 127 penalized yards. But the Devils kept up and their strategy paid off all the way down to the deciding play of the game. There was 3 minutes on the clock, 4th down and 5. Stacy rolled right. There was only 1 tackler between him and the first down marker. "I was just trying to get the first down," he said. "Then when I got around the corner I saw the goal line." That TD put St. Pete in the lead 23-20 but Homestead still had 2:35 to score. On the 2nd play, Paul Safford intercepted a pass and the final seconds ticked away giving the Devils a 12-0 record and only the 2nd team in Pinellas County history to advance to a state championship game. "This is totally unbelievable, I just thought we'd make it a little interesting," were Coach Mewha's last words of the game.

Player of the Year!!

The champion Green Devils last public appearance.

"Nothing to be ashamed of," were the words written on the chalkboard after the 47-14 loss to the Pensacola Escambia Gators. The Devils got their 1st touchdown early in the 2nd Quarter with a 23 yard pass to Fred Rowe. The 2nd touchdown came in the 3rd Quarter when Stacy scored on a brilliant 21 yard run giving St. Pete a sliver of hope but that disappeared in the 4th Quarter when Escambia scored two major TD's and stretched the final score. "We are a good football team, but the best team won tonight," said offensive coordinator Coach Wiszowaty. After the game, Coach Mewha was carried off the field, a tribute to the "winningest" football team in Pinellas County history. The Green Devils ended the season with a 13-1 record and they advanced further than any Pinellas team before. They, without a doubt, gave their fans and the city of St. Pete, a team to be proud of, and were honored with a parade downtown.

The Devils pulled off the first game of the season with an easy 21-6 victory over St. Cloud. Stacy Manning racked up 258 yards of total offense and earned the St. Pete. Times Performance of the Week honor. Also receiving honorable mention was Donny Herring who finished the game with 12 tackles and 7 assists.

"I had no idea it was going to win the game, I just put it through, and now, this is like walking on air." Those are the words of field goal kicker Shawn Burns, who kicked the first, and last score of the game as the Devils were victorious over the Spartans 3-0 for the first time in 7 years.

St. Pete rolled by the Bruins for a 21-0 victory down in Bradenton. By the beginning of the 2nd quarter, with a 14-0 lead the Devils were thinking "shut-out." A lot of the credit goes to the powerful senior line who have their defense ranked 10th in the state.

The Devils crashed through a "Gobble Gibbs" banner and that's exactly what they did as they crushed the Gladiators 36-0. The rally started on the first play as Stacy Manning ran the kickoff 85 yards for a T.D. Also deserving recognition is the defensive secondary who intercepted 3 Gibbs passes and held them to 16

yards passing.

"The offensive line deserves all the credit. Without it we wouldn't have gone that far," said Mike Davis. This is also the game that defensive back Todd Doty earned his nickname, "The Coke Machine with ears," as he forced a fumble which Vader Green recovered.

On homecoming night the Green Devils were determined to keep up their perfect record and that's exactly what they did as they beat the Pirates 28-6. The strong defense sacked the Bogie Q.B. a total of 5 times, twice by defensive end Gary Iles.

As the 7th game of the season the Devils were fired up and prepared for their arch-rivals, the Vikings, and for the first time in 6 years defeated them on their own field 6-3. Shawn Burns kicked 2 field goals. N.E. had the last shot, but it was batted to the ground by Todd Doty, knocking NEHI's chances into the dirt.

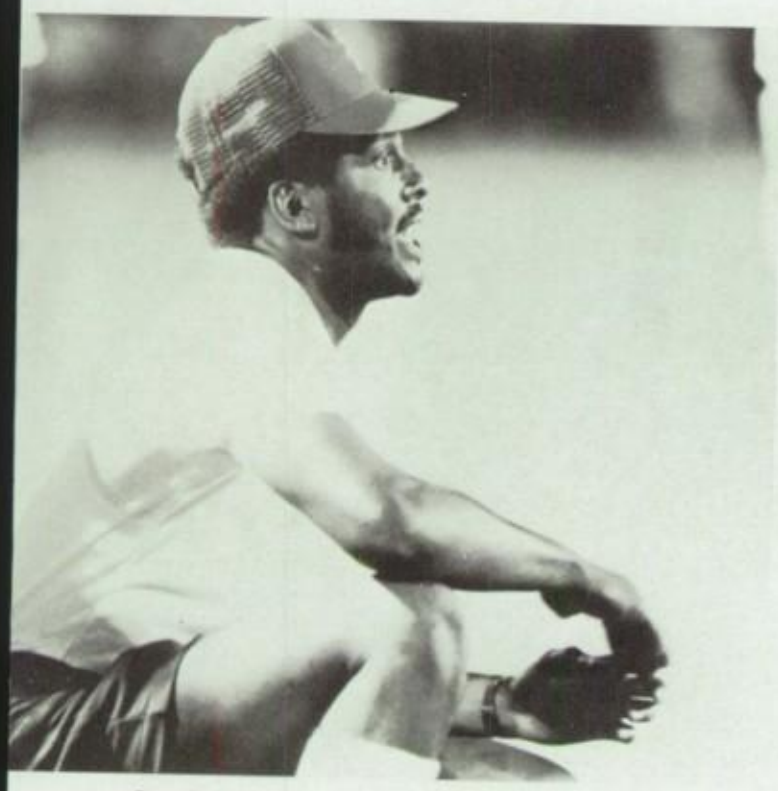
This 27-14 victory over the Osceola Warriors boosted the Devils to a 6-0 record in Class 3A, District 11 standings. "I didn't feel real secure at halftime," said Coach Mewha. But it was just another one of those must games for us . . . another one we had to win.

The Devils didn't need much more than 4:09 to show who was boss against the Warhawks. In that time they had already scored two touchdowns and extended the lead at halftime to 28-0. "Our defense keeps getting better each week," said Coach Mewha of his now 9-0 football team.

Probably the most important game of the season, the Devils defeated the Indians 24-19. That ended their regular season with a perfect 10-0 record and District Championship. The first time SPHS has had a perfect season in 58 years. Onward to state!!!



Coach Jackson anxiously watches the play.

Up, up, and away!

Get Fired Up Ready? O.K.!

Oh it's great to be a St. Pete High Green Devil . . . Oh It's great to be . . . This cheer among many is what our Varsity Cheerleaders get us yelling. They are, in short, the spirit makers. This is no easy task. They practice at least two times a week and there is no

doubt that everyone considers it a lot of hard work. According to Kerry Maas, "I have learned a lot of work can go a long way." It definitely did pay off when they took 2nd runner-up in the Pinellas Mall Competition in September. They were also chosen at county camp to be in the competition with the top 5 squads. "It is a great privilege and a big honor to be a part of this squad," states Tracy Simpson. Heather Lawson, captain of these spirit makers tells us that "Being captain was a hard job, but it taught me a lot of responsibility." I guess the statement that says it all, is from Julie Thompson, "This year has been great for all of us."

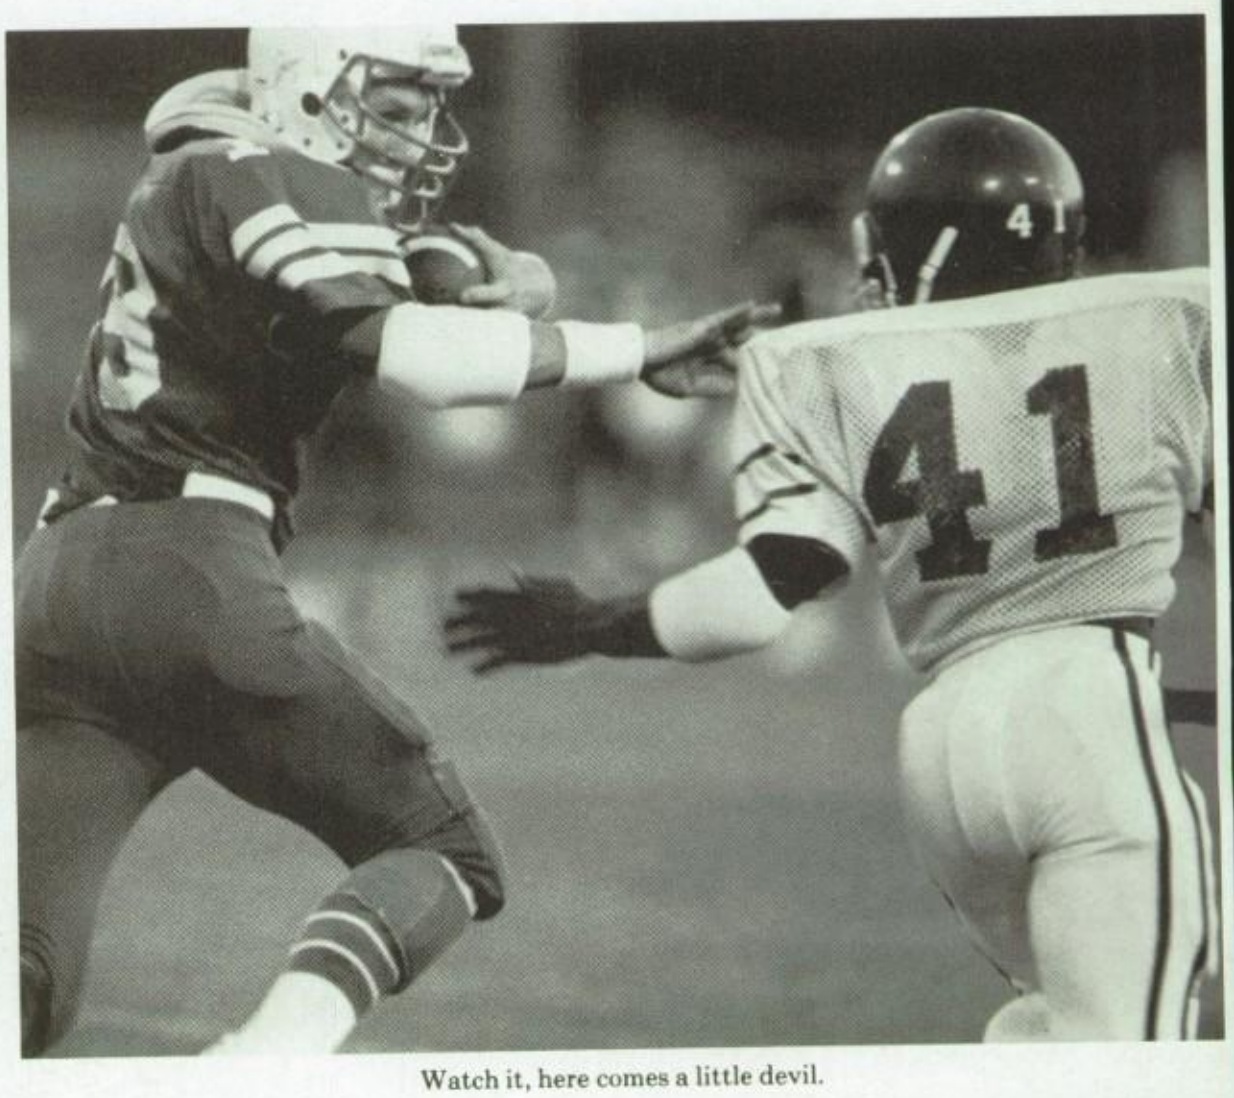
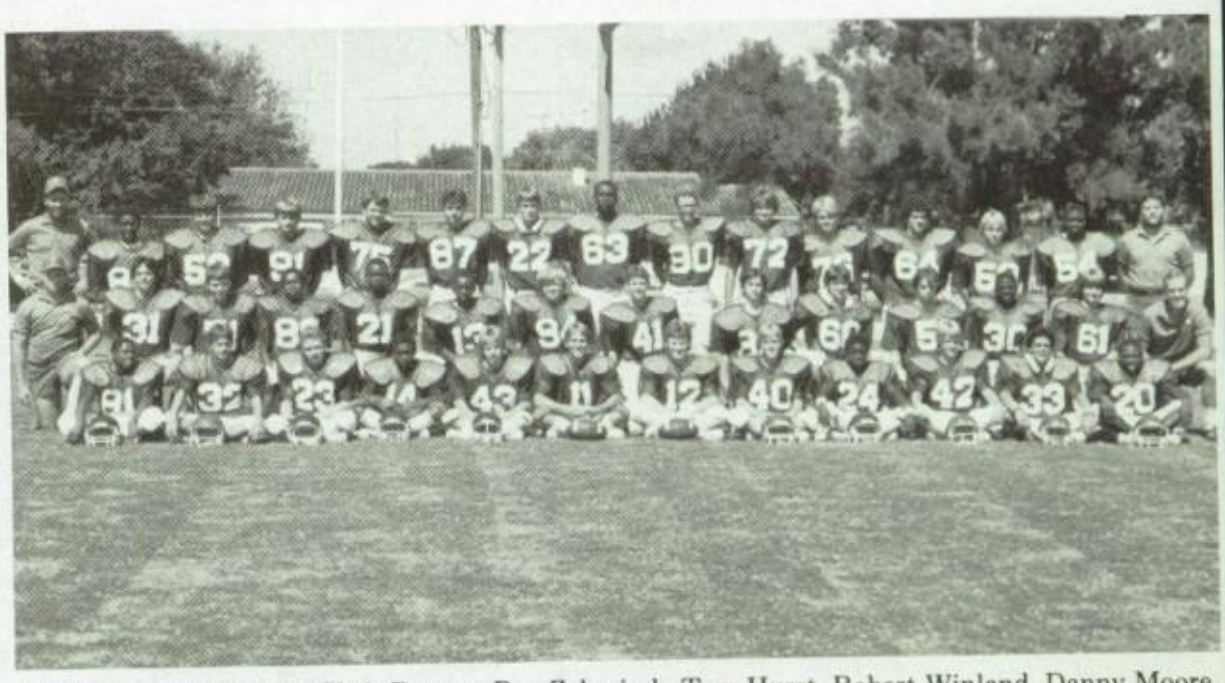
High Morale's What Really Counts

SPHS makes a run for it.



Watch it, here comes a little devil.

"Go sit on the bench 'till I tell you to move."



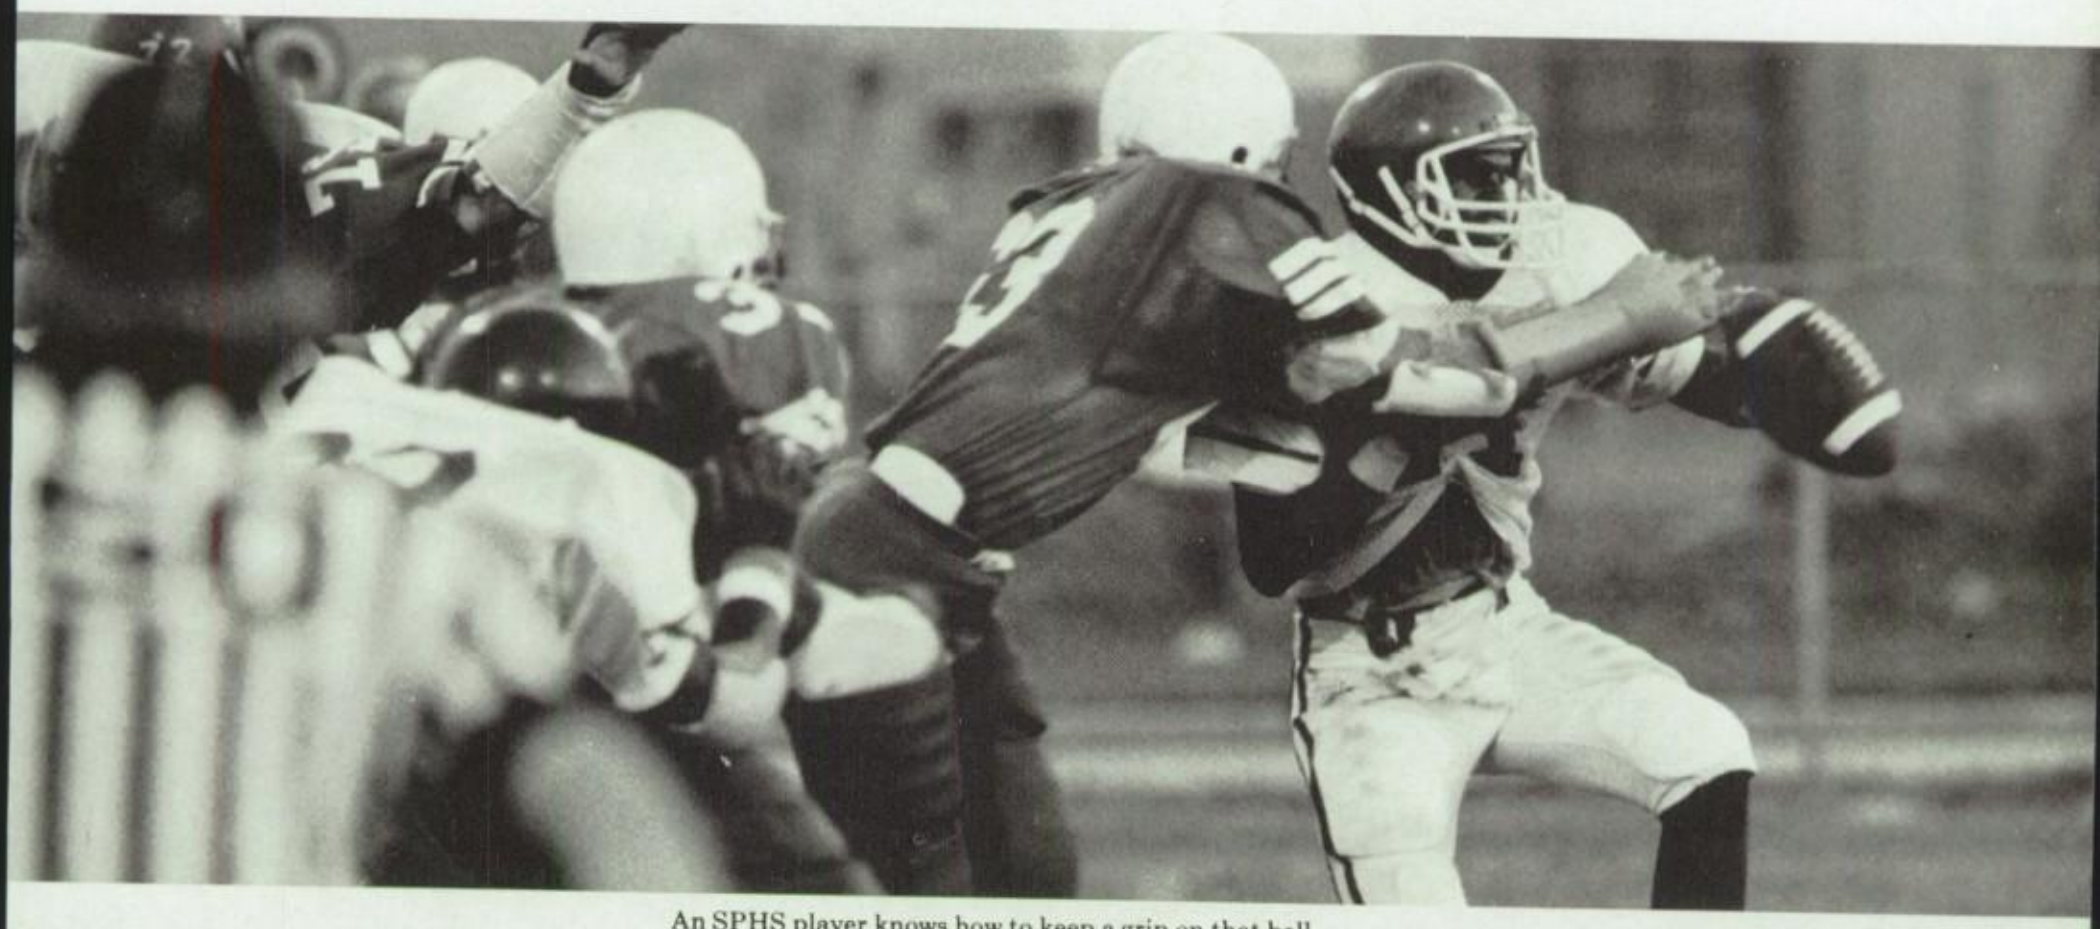
Back row: Coach Icke, Chris Bowers, Ray Zakrajsek, Tom Hurst, Robert Winland, Danny Moore, Mark Howlette, Doug Cobarris, Geoff Holland, Tim O'Dell, Peter Layton, Neil Razzi, Richard Doty, Daryl Williams and Coach Boyleson. **Second row:** Coach Aampbell, Ron Kitchen, Kevin Smith, Jerrell Hardy, Leonard Mctier, Rodney Lumpkin, Neil Legters, Ward McIntyre, Jason Abernathy, Robert Campbell, Fred Ludwig, Mark Harrington, Chris Baily, and Coach Mullins. **First row:** Troy Hardey, James Phibbs, Pat Parker, Rodney Crumb, Mike Wilsey, Kurt Gross, Rusty Eckert, Marty Gilkes, Lance Starks, Brad Rhodes, Matt Vermette and Troy Reeves.

"By hard work, mentally and physically throughout the season, our kids developed into good athletes and our boys became young men!" quotes Coach Icke.

This year's J.V. football team had a lot of freshmen. This means they were inexperienced but it also means plenty of room to grow. And that is exactly what our Devils did, in both ability and skill.

At the grading period the team lost a lot of people but gained some key players. Calvin Johnson, Reggie Era and Steve Owens were named. Other important players were Ron Kitchen, Rusty Eckent (starting Q.B.) Calamity Kurt Gross (second string Q.B.) improved greatly. Also Peter Layton was stated to be an outstanding lineman.

Coaches Boyleson, Icke, Mullens, Campbell and Bowser all seem to agree that with these willing workers next season is expected to be very rewarding for everyone.



An SPHS player knows how to keep a grip on that ball.

Coach Bolyson looks a little worried.

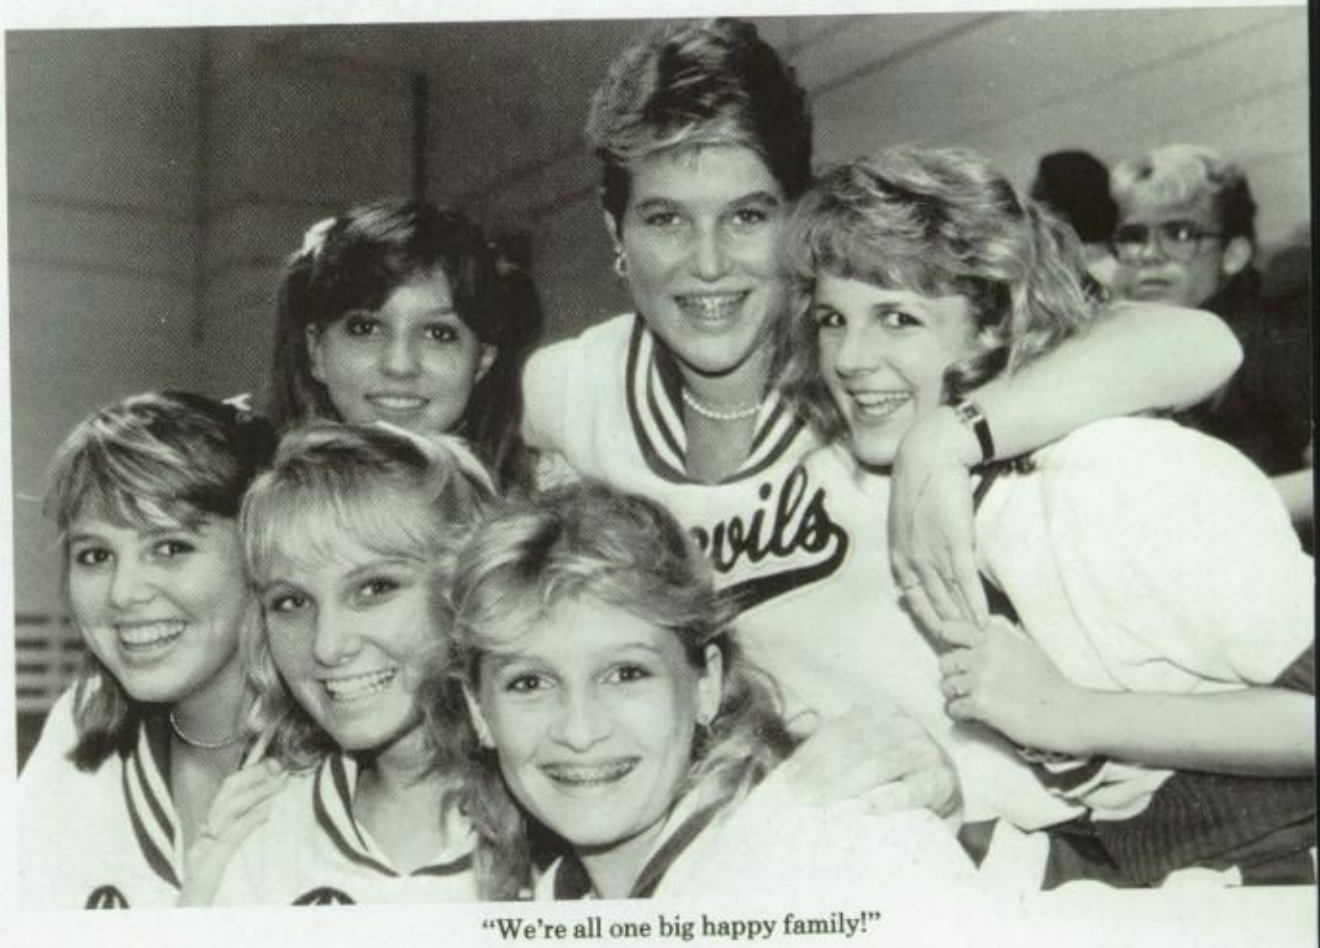
"I hope this is right."

"Are you serious?!"



"We're all one big happy family!"

This year's J.V. Cheerleading squad consisted of 16 girls with Amye White as captain and Carolyn VanSciver as co-captain. Although it is a larger number than previous years, the girls worked very well together. In summer camp, they received spirit sticks as well as superior ribbons for performance. They did a great deal in boosting Green Devil spirit to its highest. Their sponsor, Katherine Rudge, definitely has a lot to be proud of.

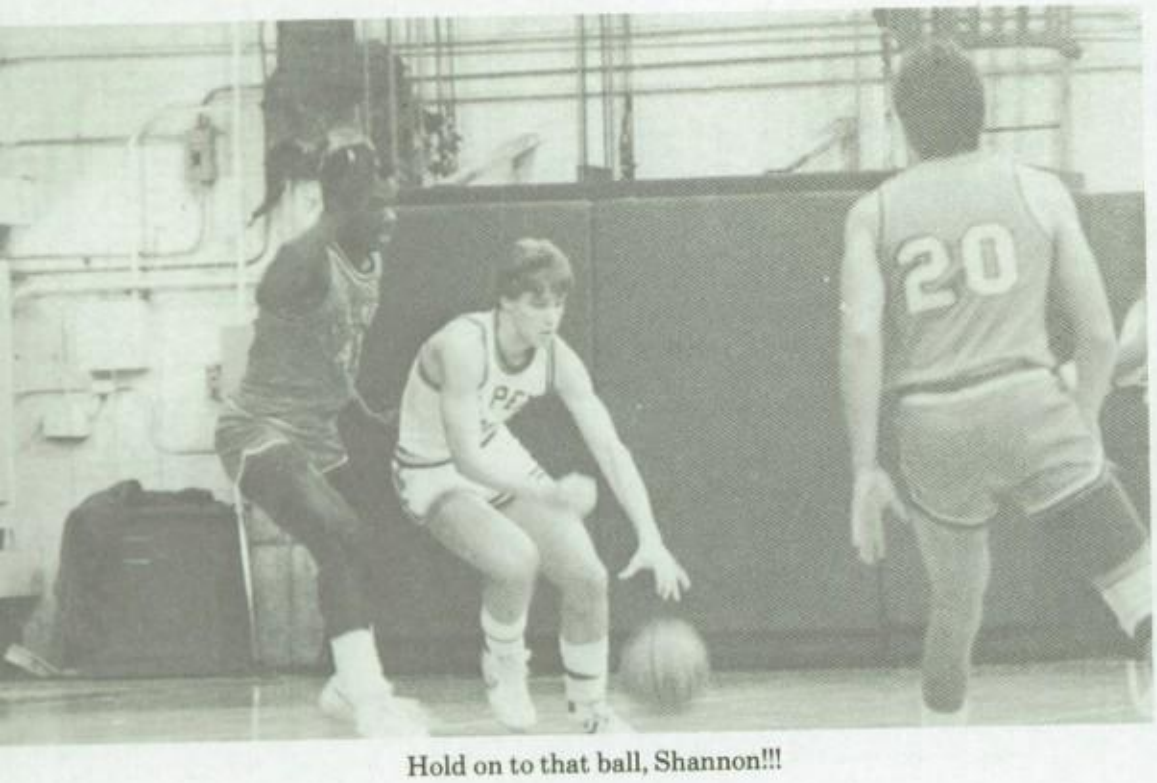
Young Varsity Has No Babies

Number twenty-one displays his unique talents.

Reach for that ball!



Hold on to that ball, Shannon!!!

This is what they call my ballet move.

This year's Varsity Boys' Basketball team has only three seniors, as opposed to the seven starting seniors they had last year. It is said that this is the youngest varsity team St. Pete has had in the last six years. Bruce Neil was mentioned as the only starting senior.

Coach Coit says, "Even with a young team, we are doing a better job defensively than we did last year. I am very proud of these boys." There seems to be a team unity, which works well for them when they are out on the court."

Shannon Smith, Junior, says, "We started out young and inexperienced, but through hard work and tough competition we are improving. The future looks bright."

Double the effort, double the score?

St. Pete shows good form .....in all players.

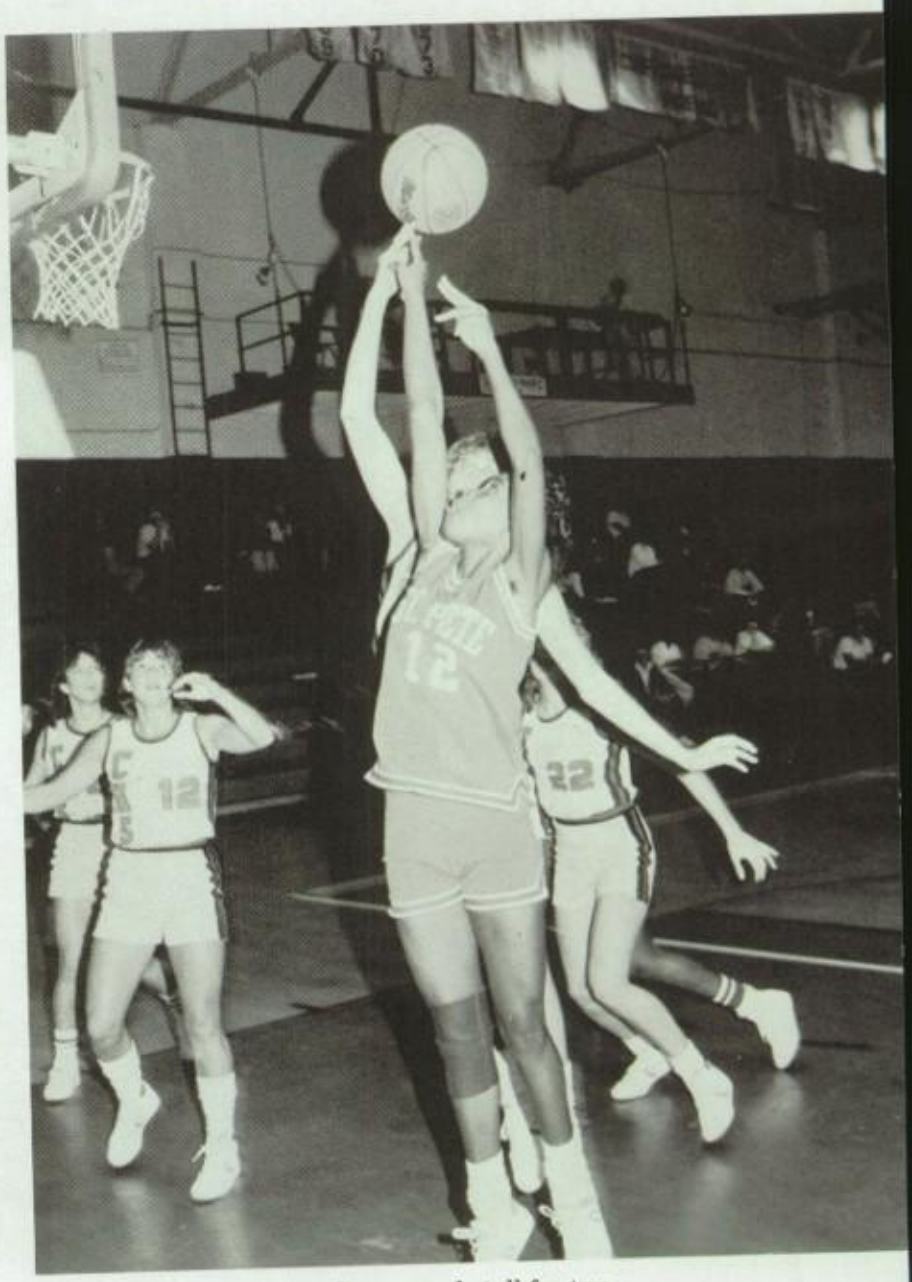
Dedication Pays Off

Under pressure, Crystal tries to go up to shoot.

Coach Anderson, Stephanie Colen, Kim Robertson, Crystal Robson, Chris Brannelly, Michelle Brannelly, Pam Hayes, Cindy Stroemich, Lorain Turner, Wendy Danicort, Bobby Jo Bravo.

"What do you want? We're trying to pay attention!!!"



Pam stands tall for two.

For the first time in a couple of years, the girls' Basketball team has seniors. According to Coach Anderson, this group of girls has the msot talent of any team he has coached. Starting at center is St. Pete High's own "Jolly Green Giant," Chrystal Robson. To her, basketball means "playing good defense as well as executing the offense." A major requirement of defense is hard work, and no one works harder than Cindy Stroemich. "I know what I have to do, stop the ball and try to get it away from the other team. It's hard work, but luckily I have the speed for it," says Cindy. To maintain a good team, the players must practice hard. According to Pam Hayes, "Basketball is a physical event; that means being on time and not coming only when you want to." "Basically to be a part of a team, you need to be able to give more than you receive. A lot of giving is dedication," replied Kim Roberson. This year's team did show much improvement. They worked together and proved to be competitive.

Kim leads the trail for a lay-up.

Hustle Is the Key

Coach Chapman, the coach of the Boys' Junior Varsity Basketball team says that his boys seem to have a very high desire to win. "Hustle, is what my boys seem to do the most, and if you have that kind of drive, you can do anything," says Coach.

This year's team is an extremely talented group. They are currently averaging 58 points a game, and are only allowing 41 points to be scored on them, defensively. "We are expected to have a good season, with both the team's desire to win, and great teamwork, I think we can go far," commented Coach.

First row: James Johnson, David Johnson, Bruce Chick, Jason Shedrick, Garrett Blair. **Middle row:** Jackie Wyche, Tony Jackson. **Third row:** Joe Schielfbine, Raleigh Lindsay, Troy Potts, Ed Long, Pat Barber, Joe Long, Steve Walker, Doug Cabarris, Milford Chavous, Coach Chapman.

Effort Works!

With the blowing of the referee's whistle, the J.V. Girls' Basketball team is off to a great start. The defense and the team effort is the key to their success. The girls are really dedicated and for good reason. According to Amy Lewiciki, "Every time you miss practice, Miss Thompson makes you work twice as hard, but then, I guess that's why we play so well. The team steadily improved game by game. They played like winners."

What form!

"This year's Baseball team is the best we have ever had as far as pitching and defense. If the offense comes around, we will have a shot at state," said returning player, Marc Benz.

Coach Flanagan commented that for the last two years SPHS has been the district runner up. "This year, I think we should get district champs. Rick Loftin, Phil Beahn, Marc Benz, and Artie Crespo make a very hard working, solid nucleus for us," said Coach. "We are not only strong this year, but good underclassmen give us hope for next year to be strong as well."

Phil Beahn quotes, "This year's team has the ability to join together, when the pressure is on. That will make us tough to beat."

Get your act together, Benz!

Coach McGonegal pitches at practice.

With 7 returning starters, this year's softball team is planning on having a good season. They started it off well when the girls participated in a pre-season tournament in Naples. Under coach McGonegal, the team has 3 senior tri-captains — Theresa Cutting, Cindy Stroemich, and Laraine Turner. They are looking forward to the district tournament in late April down in Bradenton. In the past few years the team has done very well, so they'll be even more determined to keep up the winning spirit. This year's team seems to be very capable of doing so.

"We Taught the Fish"

This year's swim team is one with a winning record. Girls' Captain, Katie Smith said "We have a lot of new members, and we have enough people to bring in the extra points and win the meets."

This depth is shown in the team's city meet. The girls got an overall third, and the boys received a fourth.

Some individual winners are Lori Howe — third in 500 Free, Elizabeth Millan — second in 50 Free, and Susan Shiflett — third in 100 Breast, along with Katie Smith who received a second in the 100 Breast. Some awards given to the boys team were Matt Busenlehner — fourth in diving, and Joseph Lang — third in the 100 Free. Also Marilyn Hands won 1st in diving.

Coach Wortock was extremely pleased with his team. "Girls have shown an outstanding improvement over last year" said Wortock," and the boy's team also remained powerful even though they lost their 2 strongest swimmers.

This year the swim team sent many members to the state meet in Ft. Lauderdale. These members included Katie Smith, Susan Shiflett, Marilyn Hands, and Matt Busenlehner.

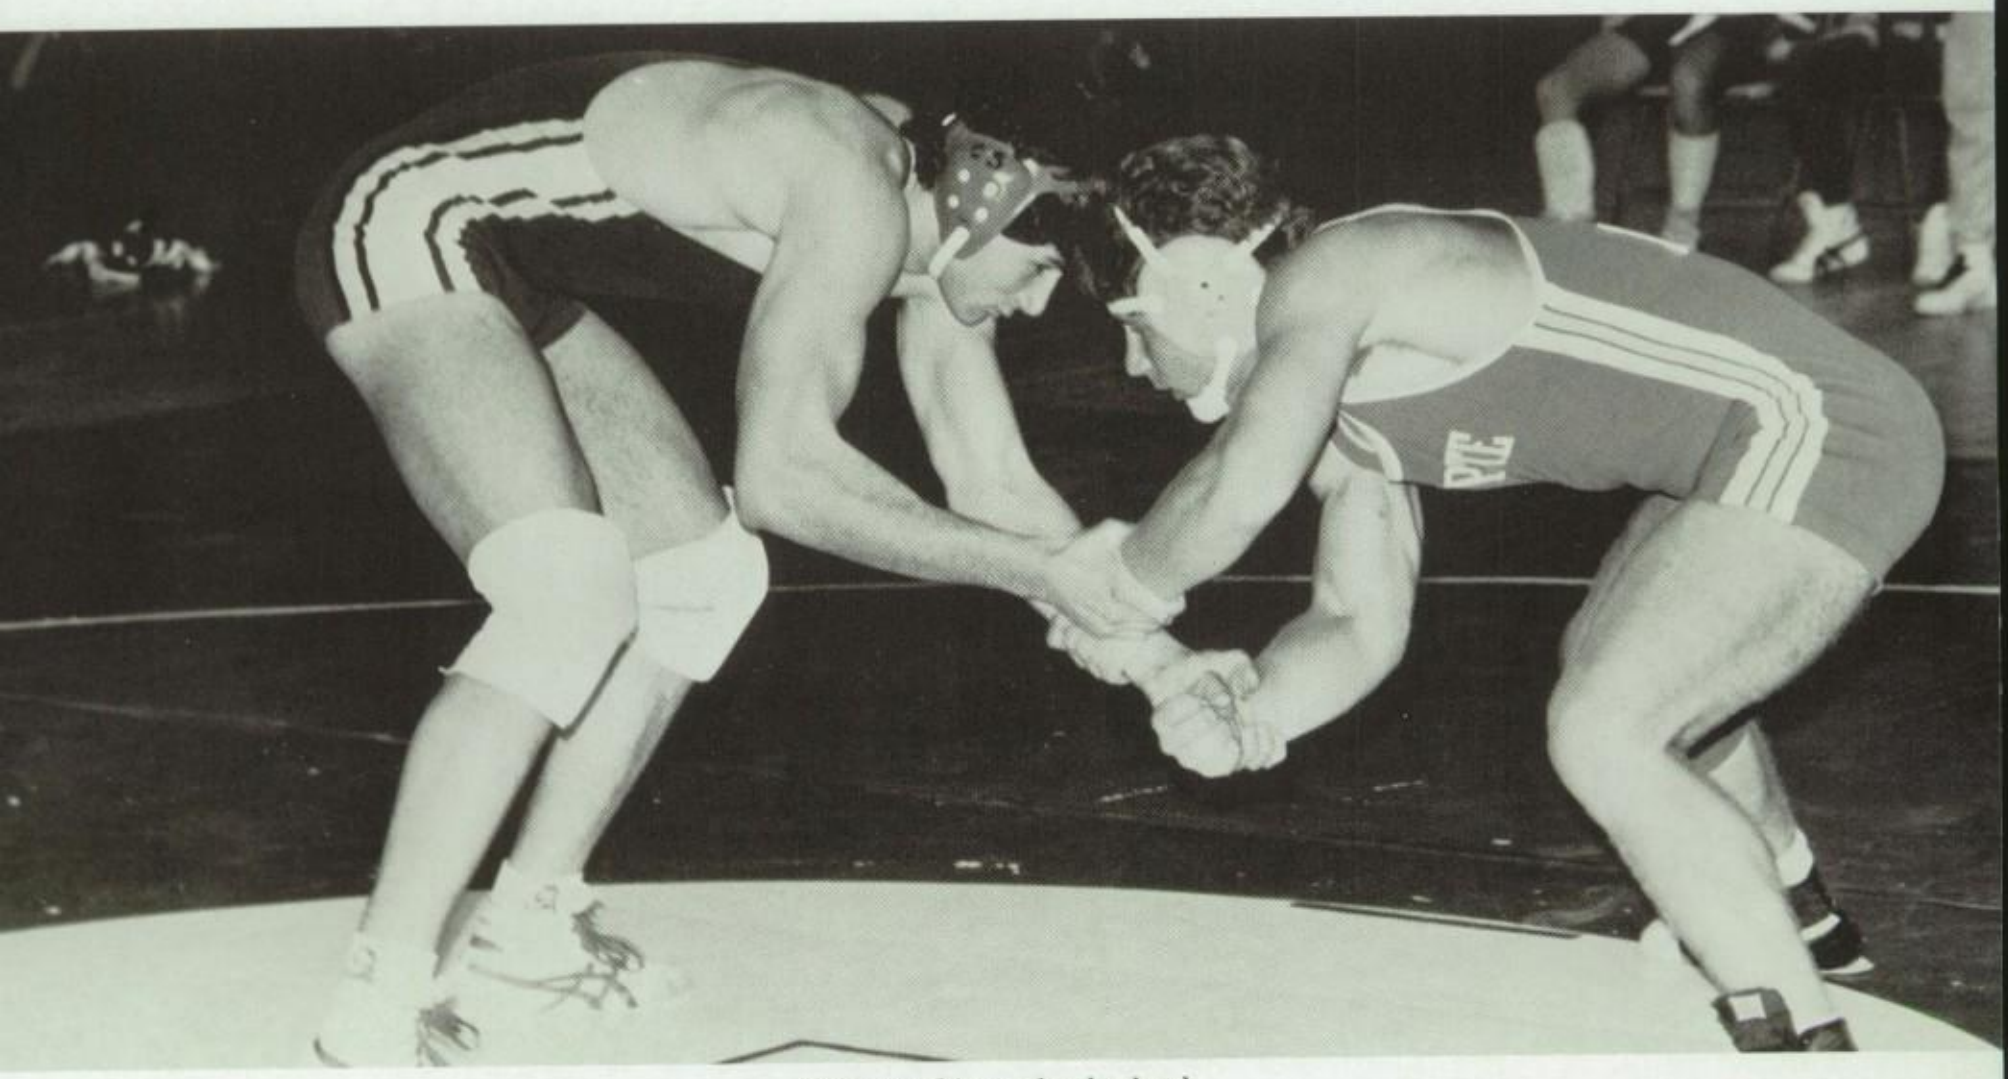
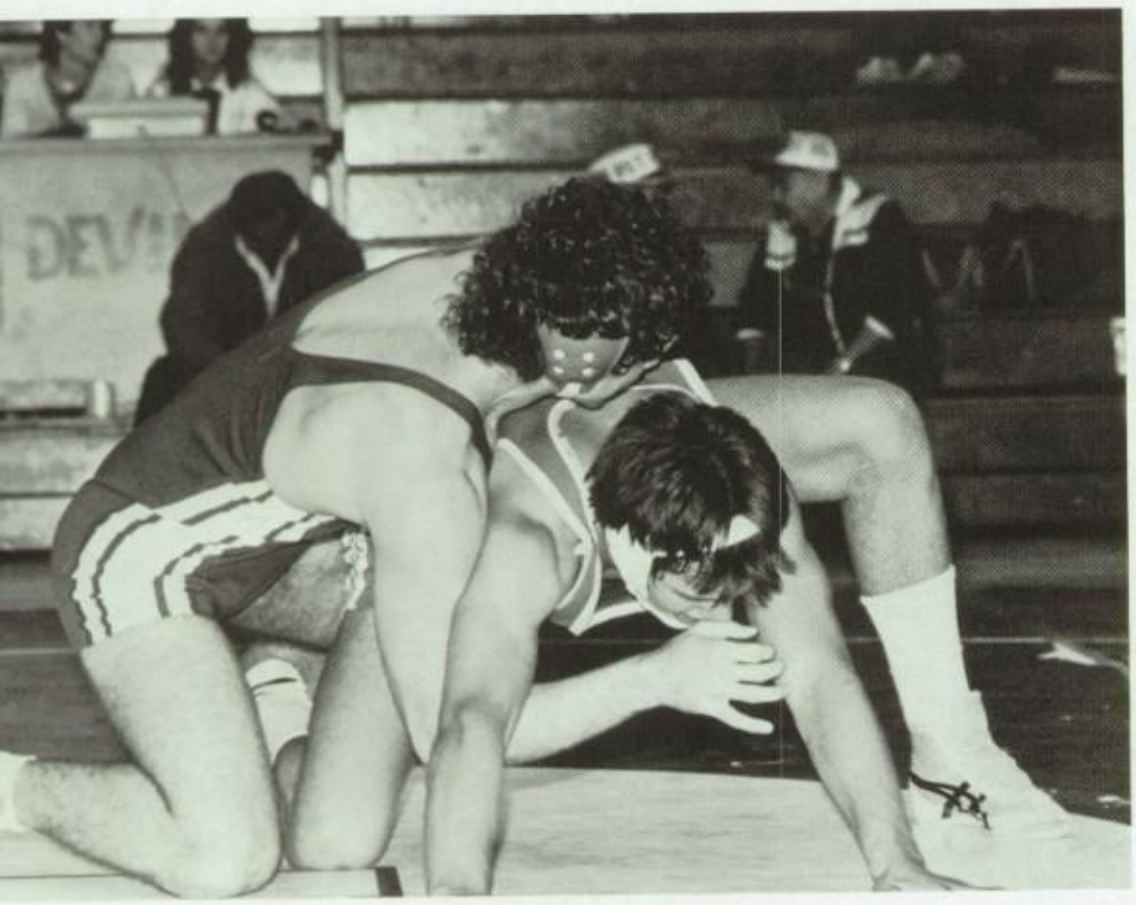
This year's Varsity Wrestling Team has had a season with many disappointments. The team, led by Coach Wizowaty, and Captains Rob Packett, and Sean Perrine has been plagued with injuries this year. According to Rob Packett, there was an injury from almost every part of the body including ribs, torn ligaments, and numerous cracked fingers and toes. He also felt the team was young with a lot of power building for the years to come. Along with being young, Rob added that the team was hard-working and had a lot of spirit.



Rob meets his man head to head.



Rico prepares to start.

C'mon Devils!

We had a new coach this year — Jim Zach. He led this year's J.V. wrestling team to a 7-7 season. The captains were the only two returning wrestlers, Marty Coleman and Ken Blackwell. Troy Hardy was honored with the most aggression points of the season. More than half the teams they played were 4A schools but they still managed to place 3rd out of 15 teams in the pre-season tournament. "I think that we would have had a better season but when we practiced, it was outside on mats. We also had a lot of first year wrestlers," said Ken Blackwell.

Off and Kicking . . .

This year's soccer team is led by Coach Hale and Captains Mike Musto, and Thanah Chau. According to Coach Hale, the team played better than what their record indicated. They played some extremely tough teams and didn't lose by much in these games. They played some good soccer against some tough teams. He felt the team really played hard. Coach Hale also added that the team was lucky this season because there were few injuries.

A Hard to Beat Team

This year's soccer team, led by Coach McGonegal, and Captains LeeAnn Jacob and Theresa Cutting are well on their way to a successful year. Even though a good year is not new to the team, they've won the districts once already, and they have been district runner-up for two years, they are hoping for another district championship. According to Captain LeeAnn Jacob, the team has a lot of skilled players who work well together and really present a team that is hard to beat. The team has been lucky this year because they haven't had any injuries, except one, and that was, unfortunately for the girl, during tryouts.

Top row, L. to R.: Coach McGonegal, L. A. Jacob, S. Greene, M. Hands, D. Sylvester, L. Maas, H. Barclay, J. Moorefield, E. Millan, B. Shaw. **Bottom row, L. to R.:** K. Showell G. Carnevalle, J. McFail, J.A. Rivera, T. Cutting, P. Chang, C. Tutt, L. O'Brien, K. Baker.

Just follow the leader.

Heave-Ho!

Due to the strong finish of last year's team, this year's Boy's Track Team had quite a reputation to uphold. "We lost three-fourths of last year's team," states Coach Jackson. Yet, Jackson is looking forward to a pretty good year. The strong points of this year's team should be: Stacey Manning and Jake Gaines in the quarter mile. In the field competition, Coach Jackson feels that his team should be competitive enough to keep up with the average teams. "There are no super individuals out there: they all need to put in hard work to improve, but it is anticipated that they will grow stronger."

Coach Jackson is aided by Coach Mewha in the field events and newcomer, Coach Gerber in distance. According to Stacey Manning, "This year's team is very young, but they like to work and that's an advantage. It is an incentive to make us work harder."

Up up and away.

A Pack of Devils.

Ready for take-off!

Off and Running

This year's girl's Track team shows good prospects. It is the best turn-out for the team in several years. On the team this year is Heather Barclay, who qualified for the Regional meet last year. Other strong points should be Distance, Shot Put and Middle-Distance. "The girls have shown good attitudes and a willingness to train hard to improve their performances," quotes Coach Townsend. The increase in the number of runners as well as the talent they possess should help the team to have one of the best seasons in several years.

Coach Townsend consults Jean and Heather.

When Is "Tee-Time"?

"This year's golf team had ups and downs, but what really hurt the record was the inconsistency of the scores," explains Captain Marc Benz. As a result of this, they lacked the fundamentals to put it together. There were only two returning players, yet these guys stayed dedicated and had a good time. Throughout the year most of these guys took lessons from Pro's. Coach Thompson expects big improvements from these lessons for next year.

Will appears to be in the swamp.

Coach Alice Majors believes in looking ahead to the future. The Girls Volleyball Team has had a rough year. They finished their season with zero wins and twelve losses. Majors says the year was mostly dictated by the gym condition. The players never got a chance to play in front of the home crowd.

The season began early with the tip-off tournament at Dixie Hollins. The districts were at Osceola High on October 31. Unfortunately, we were defeated by Lakewood 15-8, 15-13.

The majority of the team members were second year members. Next year the team will have all its returning players. Outstanding players were: Christine Brannelly (10), Mary Vosmek (11), Bobbie Jo Bravo (11), Michelle Brannelly (11), and Angela Jackson (9).

Coach Majors states, "We've hit bottom, and the only thing we can do now is to move up."

State Champs Try It Again

Cyndee concentrates on her serve.

Jennifer and Elaine discuss their game.

Melanie plays the net.

This year's tennis team, led by Coach Foley, starts off their season with a brilliant past. The girls were state champions last year!! Meg Fleming and Margret O'Grady, who graduated last year, went to state along with Katie Fleming, Cyndee Newton, and Carrie Ollar. According to Cyndee, the team went in as the underdogs which gave them the extra enthusiasm needed to win the title. She also felt Meg and Margret deserved the title since they had worked so hard for four years.

Coach Foley feels this year's team has fantastic opportunities. He feels they won't have any problem in winning the district, and that they will be a definite power in the state championship again this year.

The boys team this year, unfortunately, had no returning members. They were either lost through graduation or through changing schools. Coach Foley feels this is basically going to be a rebuilding year. He feels the enthusiasm level is fantastic, and since all of the members are Freshmen and Sophomores, they will become a hard team to beat in the future.

Country Road Take Me Home

When most people hear the word "run" they immediately find an excuse to get out of it. So why do these people volunteer? "It gives me a feeling of satisfaction to run," states Juliana Cohen. Satisfaction or not, this team did well. The boys finished 5th in the district, 7th in the con-

ference and 10th in the region. "This year's team was fairly young but we still managed to get to regionals. If they stay together, next the boys and girls team should go to state," tells captain Kurt Bashline, who had a great final race where he dropped his time from 16:24 to 15:58. The girls team was saved by Katie Smith, who obliged to fill in as the 5th man in the district meet and qualify the team for regionals. The girls team was the first ever to qualify for regionals and they had the best conference and district finish yet. Three of the girls broke the old school record which was 13:28. Tricia Ribison had 13:17, Jean Wussow had 13:22 and Heather Barclay set a new school record with 12:22. It just goes to prove that hard work and dedication along with hours of practice can take a team a very long way.

Katie and Juliana pour it on.

Hang in there, Jean!!!

"So Long" to Special Devils

Mrs. Gloria Mitchell

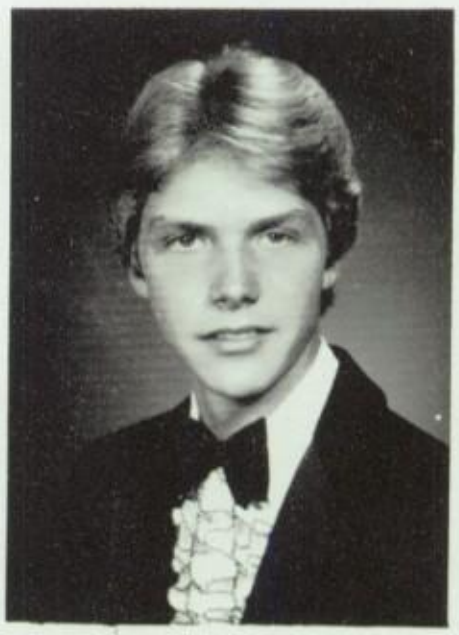
Mrs. Kathleen Smith

Unfortunately, we're saying goodbye to two very special devils this year. They both have served faithfully for many years here at SPHS and although we know they're looking forward to their retirements, we'll miss them both terribly.

Mrs. Gloria Mitchell has been a member of our SPHS family for eight years now. Her official title is Food Service Manager but she's meant so much more to us than that. Her smiling face and cheerful personality were ever-present in the lunchroom and throughout the school campus. She did her best to make sure we all had well-balanced, nutritious and delicious meals to enjoy each day.

Mrs. Katherine Smith is the other valuable member of our family to whom we must bid adieu. Mrs. Smith has had the near-impossible chore of bookkeeping for the entire school for the past sixteen years. Before coming here, she served at Tyrone Middle School, bringing her total years of service with Pinellas County Schools up to twenty-two years! Keeping the records straight for all clubs, athletic activities, publications, and classes, is an incredible task to say the least, and yet, Mrs. Smith has continued to do just that since she's been here.

We say "so long" to both of these dedicated ladies. We know that they'll be missed but we wish them plenty of leisure time and many mornings of "sleeping in." They've certainly earned it!



The 1984-85 school year was an exciting one for all of us, and I was especially proud to have served as editor during this year of academic change. "Academia-mania" seemed to encompass the focus of this school year with: higher academic standards; proficiency tests; St. Pete High earning The Excellence in Education Award; and the overall enthusiasm we all have for SPHS.

As I think back to September, the job I faced seemed insurmountable. Our job, as I saw it, was to capture the memories that represented our high school years. I feel we have done that in the 1985 edition of the No-So-We-Ea.

I'd like to thank all who cooperated in helping to put this yearbook together; the faculty and staff for letting us interrupt their schedules for picture-taking; Mr. Jim Bolin and Taylor Publishing Company for their fine quality; Bryn-Alan Studios for all their photographers and for taking care of our last-minute rush orders; Mrs. Pat Brewer for not losing her mind as a new advisor; and most of all, our 27 dedicated "staffers" who learned about pushing to the extreme and not quitting until the job was done.

With graduation nearing, I reminisce about my last four years here, as I know all seniors do, and yet, look forward to new challenges and new adventures still to come.

Good luck to all of us in all our endeavors, wherever we go from here.

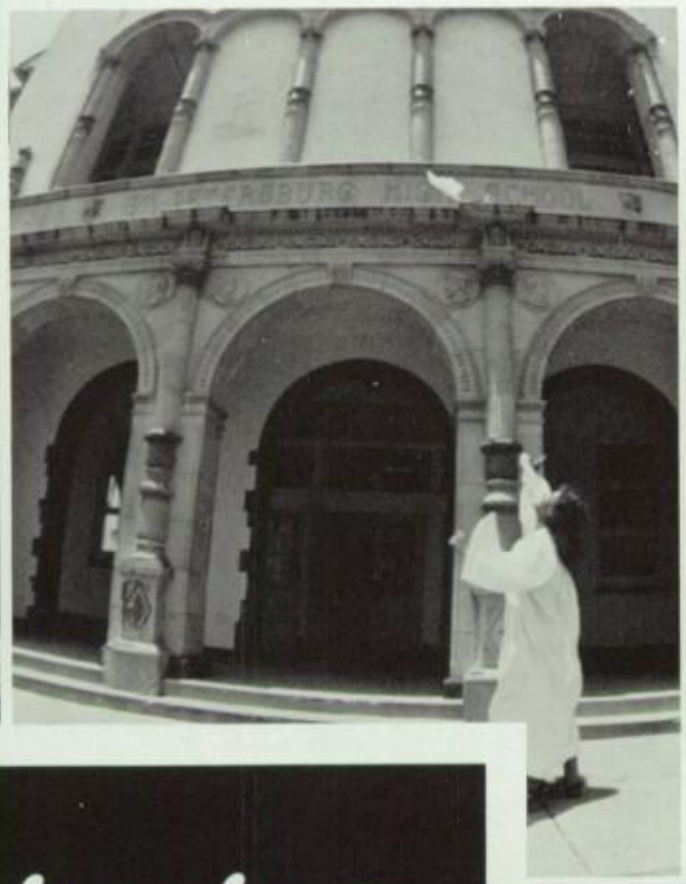
The End Is Just



Thinking back
to days gone by.
Remembering . . .
The good times filled with laughter,
the heartaches stained with tears.
The friendships sprinkled with both
nd the strength we gained from them all.

king ahead
rd new and exciting things.
ipating . . .
dventures to be had,
w faces to see,
goals to reach,
he stars to touch.
The fears to overcome.
Life begins anew.
